

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)

GIVING YOU THE
CONFIDENCE TO
PROGRESS

MAKING YOUR FUTURE HAPPEN...

MORE THAN JUST A COURSE

Learning English or improving what you already know is really useful if you want to study and progress into employment. The best way to learn or improve your English is to take an English for Speakers of Other Languages course, often known as ESOL.

At Tameside College our full time Entry 1 to Entry 3 ESOL programmes are for 16-18 year olds who speak English as a second language. The ESOL study programmes are designed for young people living in the UK who need English language skills to help them in their everyday lives, giving them the confidence to progress onto other courses or into employment.

Your class will include people who have a similar level of English to you, and the teaching will be friendly, informal and fun. You will be taught a number of key areas to help you improve your English including:

- Speaking
- Reading
- Writing
- Listening
- Spelling
- Grammar
- Punctuation

YOUR UNIQUE EXPERIENCE

- Access to online resources to support learning
- Develop the English Language you need to progress to further education and employment
- Training tailored to meet individual needs
- Opportunity to take part in workshops in specialist areas e.g. Catering, Motor Vehicle
- Visits to theatres and museums to increase confidence, language skills and cultural knowledge
- Take part in various work placement opportunities within charity shops and retail environments
