WELCOME FROM THE PRINCIPAL

Welcome to Tameside College.

With the college providing the next steps from school to university, employment and apprenticeships, we aim to support the individual aspirations of every learner who chooses to study at Tameside College.

Our courses match the growing needs of employers across different employment growth sectors in Greater Manchester. This includes preparing you for life as a university student, if this is part of your career path. An essential part of students' development includes experience with employers in the workplace and at the college. This means that our students enter the labour market with the correct mix of skills and qualifications required to succeed. For example, our T Level health course would enable you to undertake a significant period of work experience with Tameside & Glossop NHS Trust. We work in partnership with GM Chamber of Commerce and many local and national employers to ensure our courses meet employers' needs.

Tameside College has invested significantly (£100 million +) in its campuses to develop the best learning facilities amongst further education colleges in the north west. The brand-new animal management centre opened in 2023 alongside the new brickwork facility and floristry suite. Additionally, a new support hub is now open providing a 'one stop shop' for pastoral, financial and learning support. There are greatly enhanced facilities for fabrication and welding. In September 2024 we will open a new automotive centre with hybrid & EV technologies and there has been a significant multimillion pound updating of other parts of the campus.

The Advanced Technologies Centre, for science, technology, engineering and maths subjects, has seen a further £1 million + invested into mechatronics and robotics and Industry 4.0 kit as a result of the college being a key partner in the GM Institute of Technology (GMIoT) with the University of Salford. At Tameside One our new facilities for the service industries and digital & creative sectors are outstanding. The state-of-the-art construction centre opened in 2022, and we have ambitious plans for our remaining estate.

Our innovative teaching and learning is complemented by comprehensive support and enrichment activities. Ofsted inspectors recognise the achievements staff and students have made on our journey to outstanding. We are particularly proud of the mutual respect between students and staff and the welcoming and friendly culture, and the community feel in the college. We look forward to meeting you and finding out more about your ambitions. At every stage of your application, we will make sure you receive the best care, as you begin life as a Tameside College student in September 2025.

Our mission is to transform lives through education and training, come and be a part of it!

Comments about Young Learners and Apprentices

Students and apprentices benefit from a highly effective personal development programme that develops their employability skills, confidence and resilience.

Students benefit from studying in a calm and respectful environment where teachers have high expectations. Students are motivated to achieve and display positive attitudes and professional behaviours.

Apprentices use their newly acquired knowledge and skills to contribute positively to their businesses and the wider college community.

The majority of apprentices continue in employment, gain promotion or gain additional responsibilities at work.

Students with high needs enjoy coming to the college. They appreciate the greater responsibility that they have developed, compared with school, and feel proud of what they have achieved.

Staff skilfully work with employers to develop tailored training and education programmes. They use the expertise of employers and key stakeholders to inform and endorse their curriculums and provide students and apprentices with the future skills they require.

Students and apprentices benefit from unbiased, well-planned careers education, information, advice and guidance. They attend industry specific careers fairs, careers talks and events where guest speakers explain their career journey

Students and apprentices speak positively about the student hub where they feel comfortable to talk to members of staff and seek support.

Travel and Transport

LOCATED CLOSE TO ASHTON TOWN CENTRE'S TRANSPORT HUB, TAMESIDE COLLEGE IS ACCESSIBLE FROM VARIOUS LOCATIONS ACROSS MANCHESTER.

By bus:

Ashton Interchange has numerous services that run frequently. Many of the routes have buses running every 15 minutes. Our Tameside One campus is in the centre of Ashton-under-Lyne and our Beaufort Road campus is just a ten minute walk away.

**Free bus travel for 16-18s with "Our Pass"*

By train:

Trains run frequently between Ashton-under-Lyne and Manchester, with the journey taking around 15 minutes.

By tram:

Trams run every 12 minutes from Manchester to Ashton. The direct line from MediaCity, passing through Piccadilly, takes around 40 minutes.

Cycling:

There are a number of secure cycle spaces at the college campus.

Car park:

There are a number of car parking spaces on the college campus.

Programme of Study

When you start college, we will create a study programme specifically designed towards supporting you and your individual learning needs. From helping you choose the right course, to getting the right support via mathematics and English classes, Tameside College are here to help you.

Choosing a course can be overwhelming after studying different subjects at GCSE. We'll give you the support you need to find out what you enjoy, what existing skills you have and what career paths interest you.

.....

Self-study plays an important role in your college life, as you are expected to manage your workload outside of the classroom in order to develop your own learning and independence.

.....

Gaining work experience whilst studying is essential to learning employability skills such as communication, teamwork, and problem solving that will help with the transition from college into the working world.

.....

There's more to college life than studying. Make the most of your time by learning new skills and making new friends via our range of enrichment activities such as sports, and volunteering.

As part of your study programme, you will be assigned a progress tutor who will make sure you stay on the right track whilst studying and help you settle into college. Your progress will be reviewed, making sure you are achieving your full potential.

A basic knowledge of both mathematics and English is essential for success in any career, especially progression to university. Full-time students are required to study English and mathematics alongside their programme if they haven't achieved a grade 4 at GCSE or functional skills level 2.

Choosing Your Level and Entry Requirements

To support you in making the best choice for your individual needs we provide various levels of qualification at Tameside College, which means there is a level for everyone. To ensure that our students are successful in their studies, we require them to meet our entry requirements, however, you may hold other qualifications which may be useful to determine the level of course that is best suited to you.

GCSE

G

- GCSEs are well known qualifications, which at college are taken over 1 year.
- GCSEs can be taken alongside any of our courses.
- Maths and English GCSEs are a requirement for university and employment.

Students who gain a grade 3 in maths and English are expected to resit as part of their study programme.

FOUNDATION LEVEL

F

- Foundation level is for those who do not hold any formal qualifications prior to starting at college.
- They help students develop personal and social skills whilst studying mathematics and English.

No formal entry requirements however we expect all learners to demonstrate a willingness to learn and to demonstrate behaviours and attitudes which support their progression and success.

LEVEL ONE

L1

- Level 1 qualifications provide a starting point for progression to higher level vocational routes.
- Courses run for 1 year and allow progression onto level 2 qualifications.

3 GCSEs at grade 1.

LEVEL TWO

L2

- Level 2 qualifications provide a good foundation for students wishing to follow a particular vocational route.
- Courses run for 1 year and allow progression onto level 3 qualifications.
- Students are assessed by assignment and practical skills.

4 GCSEs at grade 3 or a vocational qualification Level 1 in the chosen subject.

LEVEL THREE

L3

- Level 3 qualifications provide routes for students wanting to progress onto higher education or employment.
- Level 3 courses vary between 1 and 2 years and are equivalent to 3 A levels.

4 GCSEs at grade 4 including maths and / or English or a vocational qualification Level 2 in the chosen subject.

T-LEVELS

THE NEXT LEVEL QUALIFICATION

T LEVELS

T Levels follow GCSEs and are equivalent to 3 A levels. These 2-year courses have been developed in collaboration with employers and businesses so that the content meets the needs of industry and prepares students for work, further training or study.

T Levels offer students a mixture of classroom learning and 'on-the-job' experience during an industry placement (approximately 45 days).

ENTRY REQUIREMENTS

4 GCSEs at grade 4 or above, including Maths and English, at grade 4

T Level healthcare will also require a grade 4 or above in a science subject

PROGRESSION

University

Employment

Apprenticeship

KEY FEATURES OF T LEVELS

Equivalent to 3 A levels

45 day industry placement

80% classroom/workshop & 20% industry placement

2 year study

Assessed by examination, practical work (employer set projects)

At the time of printing a number of T Levels are planned to run, however, this may change. For the most up to date information please see the college website.

Changes to curriculum

The further education system is undergoing a reform and there may be a number of changes to the planned curriculum. Please see below for brief updates and utilise the college website for the most up to date information. Alternatively visit gov.uk

T LEVELS & LEVEL 3

3

At the time of printing a number of T Levels are planned to run, however, this may change. For the most up to date information please see the website

LEVEL 2

2

At the time of printing the UK further education sector is being reformed and there may be some changes to the Level 2 curriculum. The reforms aim to simplify the qualifications landscape at Level 2 and below, ensuring that all qualifications are high quality and have clear purposes. This is intended to help students achieve positive outcomes, either by progressing to higher education levels or directly into employment. There may be various level 2 curriculum options depending on whether the curriculum progresses to a T Level or non-T Level route at level 3.

How to Apply

APPLY TO THE COLLEGE VIA OUR ONLINE APPLICATION FORM:

www.tameside.ac.uk

September 2024

You can apply to Tameside College for the academic year 25/26. The earlier you complete an application form, the more likely it is you will secure an interview and place for your chosen course.

February 2025

You should aim to have your completed application form returned to the College by this date at the latest. Ask your school careers advisor for support in completing the form, if you require it.

APPLICATION PROCESS

- 1 Submit completed application form
- 2 You will receive an acknowledgement text from the College
- 3 You will be invited into college for an informal interview or be interviewed via telephone
- 4 Attend your allocated interview date and time, either in college or over the telephone
- 5 You will be offered a conditional place at the College
- 6 You will be informed of college news and events throughout the year
- 7 Applicants who have been offered a place will be invited in to enrol in August 2025

Wellbeing

Wellbeing

Our team is here to support you with any personal issues which might affect your time at college. Whether they are big or small sometimes we all face problems.

If you have problems at home or in college, or are feeling stressed or under pressure, our team are always here to listen and help you manage these situations.

They will also help you with any situation where you don't feel safe.

Learning Support

Our Learning Support team provide help you might need to succeed on your course and develop your skills for the future. We offer a range of support to meet your needs if you have a difficulty, disability or medical condition.

If you have specific disabilities/difficulties like: Dyslexia, Dyspraxia, Asperger's Syndrome, hearing/visual/physical difficulties, ADHD or medical conditions our team will support you to make sure you are successful on your course and in every aspect of college life.

Financial Support

We are a great starting point if you need some help or support but aren't sure who to ask. We can help you find the information you need and the financial support you may require with costs relating to your college journey – things like meals and travel.

Financial Support

Progress Tutors.

Progress Tutors

Our Progress Tutors provide you with support and guidance on a range of subjects through our tutorial programme.

They will review your progress and keep you on track with your course.

They will also help you reach your potential and support you with your choices for the future.

Work Experience

Employability, Industry Placements and Enrichment.

Start building your career and enhance your employability skills with industry work placements and employability activities, such as guest speakers, mock interviews and employer workshops. The Employability Team will support and guide you to be work ready, building the skills needed for a successful career and future workforce. From taking part in an industry work placement to volunteering and actively contributing to your local community or being a member of a college sports team, there are lots of ways to widen your college experience.

Careers and Progression

Our team is on hand throughout the year to provide you with the right careers advice for your future; whether that is continuing in education or looking for employment.

They will support you with your choice of course, looking for an apprenticeship, CV writing, job applications or applying to university (UCAS).

Careers.

University courses at Tameside College

Many students progress to university after college. Do you want to stay local and still study a degree or higher education qualification?

Tameside College offers the following Higher Education courses:

- HTQ in Computing - Cyber Security (Certificate and Diploma)
- HTQ in Mechanical Engineering (Certificate and Diploma)
- HTQ in Electrical Engineering (Certificate and Diploma)
- HTQ in Mechatronics (Certificate)
- BSc in Psychology and Criminology (The Open University)
- BA (Hons) in Education -Supporting Teaching and Learning (University of Huddersfield)
- Professional Graduate Certificate in Education (University of Huddersfield)
- Post Graduate Certificate in Education (University of Huddersfield)
- Certificate in Education (University of Huddersfield)

You can apply to your chosen university, or to Tameside College for one of the above courses, via www.ucas.co.uk/apply (fees apply). Alternatively, Tameside College also offer direct applications via our website <https://he.tameside.ac.uk/>

If you need support in completing an application, then please visit the college's careers advisers who will be able to assist you.

You can also progress into employment in the relevant fields; see course details for progression routes for particular courses.

We also offer a range of Access to Higher Education courses such as Nursing/ Midwifery, Social Science, Teaching, Science/Allied Medical Professions and Computing. Access to HE courses help prepare people for study at university.

What is an Apprenticeship?

An Apprenticeship provides you with the opportunity to earn whilst you learn. You will work towards a nationally recognised qualification.

Apprenticeships combine 'on the job' practical training whilst studying towards a qualification, all of them require off the job training, where you attend college classes and workshops.

You will be assigned a skills coach from Tameside College to support you throughout your apprenticeship. They will visit you at your place of work and will guide you towards completing your qualification.

You will be employed by an employer who will provide you with the opportunity to put into practice what you are learning at college.

APPRENTICESHIP Hairdressing

STUDENT OF THE YEAR

A young woman with dark hair pulled back, wearing a black leather jacket, is smiling and holding a clear glass award. The award has text on it: 'Tameside College', 'Apprenticeship Award', and 'Knowledge'. She is also holding a blue folder or certificate. The background is a light-colored wall with some logos.

How to apply

I am still in school

Show your interest in an Apprenticeship by completing the college application form.

- Online www.tameside.ac.uk

What happens after I have applied?

After completing an application form our admissions team will process this. Your application will be sent to our apprenticeship team who will be in touch.

What happens if I don't have an employer lined up?

We will contact you about suitable vacancies. Our team will also process an application on your behalf for a full time college course which relates to your chosen apprenticeship. By August, if you haven't secured an employer who will support your Apprenticeship, you can enrol on the full time course until an employer is found.

I have started a full time college course but now have an employer?

If you have started a full time course with the college but in the meantime have secured an employer, let us know on 0161 908 6608 and we will arrange for you to carry out the Apprenticeship programme instead. We will need to confirm with the employer before processing your transfer.

I already have an employer lined up

Please apply for the apprenticeship online and inform us of the employer. We will contact them to ensure they meet the criteria to support an Apprentice.

I have already left school

Apply for an apprenticeship via our website
www.tameside.ac.uk

Our Apprenticeship team will get in touch with you to ensure you meet the required specifications for the apprenticeship.

Animal Management and Floristry Courses

FOR ENTRY QUALIFICATIONS SEE PAGE 10

ANIMAL MANAGEMENT

L3

Duration ● 2 years | **Campus** ● Beaufort Road

During the level 3 course you will develop your knowledge by studying topics relating to: animal welfare and ethics, animal husbandry, animal behaviour and animal health and diseases. You will also be assessed in a work experience setting. This level 3 course has significant science content.

ANIMAL CARE

L1 L2

Duration ● 1 year | **Campus** ● Beaufort Road

These courses are designed for anyone wanting to pursue a career in animal management, science or veterinary nursing. You will develop your knowledge in all aspects of animal management including animal health and welfare, animal science and gain hands-on practical skills. You will study a range of animal-related topics such as: animal biology, animal feeding and nutrition, animal behaviour and communication, wildlife rehabilitation and conservation, animal breeding and genetics.

FLORISTRY

L1 L2

Duration ● 1 year | **Campus** ● Beaufort Road

This course in floristry will be ideal for those who have a creative flair and want to progress to a career as a florist. During the course you will learn designs such as tied, funeral and wedding arrangements. You will be given an introduction to art and design for florists, gain an insight into botanical names of flowers and plants as well as checking and maintaining the condition of plants and planted designs. You will also learn how to display floristry goods and how to decorate a function using floral displays.

Animal Management and Floristry Courses

FOR ENTRY QUALIFICATIONS SEE PAGE 10

T LEVEL: ANIMAL CARE AND MANAGEMENT

Duration • 2 years | Campus • Beaufort Road

This two year animal management T Level is designed to give you the skills and knowledge you need to enter a career in the animal care sector, such as veterinary nursing, zookeeping, or animal welfare. In addition to the core content, each student will also complete at least one specialism; animal management and behaviour or animal management and science.

Automotive Courses

FOR ENTRY QUALIFICATIONS SEE PAGE 10

VEHICLE ACCIDENT REPAIR

Duration ● 1 year | **Campus** ● Beaufort Road

This course is aimed at students seeking employment as a body repair technician within the automotive accident repair sector.

You will develop a wide range of skills from learning how to fix crash damaged cars, to repairing the smallest dent. This course will cover a range of projects including: repairing vehicle body panels, welding, fitting new vehicle body panels, also covering the welding and fabrication of vehicle bodies.

Learning with us will be a combination of theory based and practical work. Additional units include basic vehicle electrics, removing and refitting trim components and functional skills.

You will be working with highly skilled industry trained staff in our garage, using up to date equipment and products.

VEHICLE MAINTENANCE

Duration ● 1 year | **Campus** ● Beaufort Road

This course is aimed at students with a keen interest in the maintenance and repair of vehicles that would like to gain employment as a vehicle technician within the automotive maintenance and repair industry.

Working on a range of vehicle rigs and cars you will learn how an engine works, how to perform a vehicle inspection, as well as learning a range of automotive foundation skills. You will learn about a vehicle's brakes, wheels and tyres, exhaust, petrol engines and basic electrical systems. You will gain an understanding of why different components and systems are used on various cars and much more. Hybrid technologies are included.

Automotive Courses

FOR ENTRY QUALIFICATIONS SEE PAGE 10

LIGHT VEHICLE MAINTENANCE AND REPAIR PRINCIPLES

L2 L3

Duration ● 1 year | **Campus** ● Beaufort Road

This qualification is ideal for anyone looking to be a qualified motor vehicle technician or MOT inspector and is well recognised within the automotive industry. You will also gain a wide range of knowledge and understanding of health and safety in the workplace, safe use of major workshop equipment and interpretation of data, fault codes and relevant diagnostic procedures relating to the major systems on the vehicle.

During the level 3 qualification you will learn to meet the technical and diagnostic needs for today's motor vehicle repair industry, including the diagnosis and rectification of faults within advanced complex systems. Business and Finance Courses

FOR ENTRY QUALIFICATIONS SEE PAGE 10

BUSINESS AND FINANCE

Duration • 1 year | Campus • Tameside One

These courses are aimed at giving you in depth knowledge of the business and finance environment. You will carry out research and improve your communication skills to support your development. Topics you will cover include marketing, human resources, promotion, branding, business enterprise and finance.

You will work in a project based environment to complete live briefs.

BUSINESS

Duration • 2 years | Campus • Tameside One

On the business course you will develop the skills and knowledge required to enable you to stand out in a competitive business market place. Your lessons will be structured in such a way that you will work to 'live briefs', meaning that most of your work will be project based, requiring you to work with commitment and team work as you develop your business skills. You will learn to design and develop a product or service to bring to market, design a business plan to present to potential investors, learn how to manage the finances of a business as well as manage and deliver real projects on behalf of the college.

Business and Finance Courses

FOR ENTRY QUALIFICATIONS SEE PAGE 10

T LEVEL: BUSINESS ADMINISTRATION

Duration ● 2 years | Campus ● Tameside One

You will develop an understanding of a broad range of issues including; organisational cultures and values, different types of internal and external stakeholder, the importance of good communication and adapting social communication styles, the importance of maintaining and improving quality in all aspects of public and private sector organisations. You will specialise in business support.

T LEVEL: FINANCE

Duration ● 2 years | Campus ● Tameside One

During the 2 year T Level in finance you will cover business models, tax laws, fundamental business principles and drivers for change as well as a specialism in retail and commercial banking analyst, investment banking and asset and wealth management analyst, insurance practitioner or financial compliance/risk analyst.

Joinery is an exciting and challenging career path and whilst studying it you will cover; the principles of construction, planning and preparation for architectural joinery products, safe use of different types of woodworking machinery, creating joinery products, assembly and finishing of joinery products.

The course will also combine core skills such as communication, organisation, planning as well as practical skills.

Construction Courses

FOR ENTRY QUALIFICATIONS SEE PAGE 10

T LEVEL: PLUMBING

Duration ● 2 years | Campus ● Beaufort Road

This T Level focuses on all aspects of construction, with a key element of plumbing. You will learn plumbing and heating engineering and ventilation whilst carrying out an industry placement.

T LEVEL: ELECTRICAL

Duration ● 2 years | Campus ● Beaufort Road

You will study mathematical techniques to solve construction problems, construction design principles and processes, the construction industry and its role in the economy, sustainability and the environmental impact of construction business, commerce and corporate social responsibility all with a focus on a career in electrical.

CARPENTRY AND JOINERY

L1

Duration ● 1 year | **Campus** ● Beaufort Road

This course has been designed to develop your skills, knowledge and understanding of carpentry and joinery to enable you to progress to the next level. The course focuses on woodwork and includes topics such as an introduction into the industry, estimating, health, safety and welfare and knowledge of construction technology.

CONSTRUCTION SKILLS

L1

Duration ● 1 year | **Campus** ● Beaufort Road

You will learn the skill of carpentry and joinery, painting and decorating and bricklaying, all at the basic level. This will enable you to progress onto the higher level, which is relevant to what you enjoyed doing during this qualification.

ELECTRICAL

L1 L2

Duration ● 1 year | **Campus** ● Beaufort Road

These courses have been designed to help those interested in the electrical industry to progress. You will learn electrical principles, electrical science, electrical technology, inspection and testing, as well as the latest wiring regulations. During the course you will get hands on in our purpose built workshops.

PLUMBING

L1 L2

Duration ● 1 year | **Campus** ● Beaufort Road

You will learn all the basic skills to become a plumber. Following on from this, the higher level courses will teach you about heating systems, hot and cold water systems, sanitation systems, environmental technologies and gas safety. You will use all the latest tools to support your studies and progression.

BRICKWORK

L1 L2

Duration ● 1 year | **Campus** ● Beaufort Road

You will be taught practical skills to succeed within the bricklaying industry. Skills will include repair and maintain structures, scaffolding, solid and cavity walls and fireplaces and chimneys. You will learn building standards and how the industry operates.

PAINTING AND DECORATING

Duration ● 1 year | **Campus** ● Beaufort Road

Become a painter and decorator with this exciting course. You will learn all the skills required to be successful in this competitive industry. Gain an understanding of the skills required for both domestic and commercial projects. You will learn how to prepare surfaces, the use of different tools, interior and exterior painting and decorating and bespoke projects.

FURNITURE, FURNISHINGS AND INTERIORS

Duration ● 1 year | **Campus** ● Beaufort Road

This course is the first step to gaining a qualification in the kitchen, bedrooms and fitting and manufacturing industry, specifically in the role of kitchen fitter. During the course you will cover topics in; health and safety in furniture, furnishings and interiors, workplace responsibilities in furniture, furnishings and interiors and plan career progression in the furniture, furnishings or interiors industries. You will also learn to fit skilled doors and drawers and use power tools for measuring and assembling.

TRAVEL, TOURISM AND AVIATION

L3

Duration ● 2 years | **Campus** ● Tameside One

During this course you will further develop your skills and knowledge of the travel and tourism industry. You will learn skills that will help you progress in your career. Topics will include customer service, travel destinations, promotional activities, retail travel services and holiday and travel planning.

TRAVEL AND TOURISM

L1 L2

Duration ● 1 year | **Campus** ● Tameside One

This course will allow you to cover a variety of functions within the travel and tourism industry. It will be the building block to progress to a higher level course upon completion. You will study a range of topics including UK travel and tourism, packaged products and services and local geography.

AIR CABIN CREW

L2

Duration ● 1 year | **Campus** ● Tameside One

Would you like a career onboard an aircraft? This course will enhance your skills in becoming air cabin crew. During the course you will practice in our onsite plane cabin to give you the full experience. You will learn the introduction to airline and aviation operations, the role of air cabin crew, airline safety and security and emergency procedures.

Springboard Programme

Springboard is an alternative provision within the college to support young people to gain the skills and qualities they need to access college curriculum. Springboard is a reduced timetable -10hrs per week including maths, English and pastoral support. A dedicated Youth Worker supports the Springboard provision ensuring that barriers are removed to develop young people's confidence and self-esteem.

TYPICAL COURSE OPPORTUNITIES

- Improve your mathematics and English qualifications (not optional)
- Explore your career and progression options
- Develop employability skills
- Explore sessions that will provide life skills, outdoor experiences, PHSE, group projects, team building, employability, personal development and progression skills
- Develop skills over time to enable you to gain a place on a study programme or a Supported Internship (EHCP learners only)
- Springboard aims to explore and improve each learner's opportunities whilst learning in a different way; a way that will provide enriching experiences

QUALIFICATIONS

- City & Guilds entry level 3 award in employability skills
- GCSE or functional skills in English and mathematics

ENRICHMENT

- Full enrichment activities including sport and outdoor activities

PROGRESSION

- Full time college course
- Supported Internship (EHCP learners only)

APPLICATION

- College application form
-

Supported Internship

Supported internships are a structured study programme based primarily at an employer. The programme will equip you with the skills needed for work, through learning in the workplace. Supported internships are unpaid and last for an academic year.

WHO IS IT FOR?

The full time study programme allows young people aged 16-24 with an Education, Health and Care plan to achieve sustainable paid employment.

LEARNING METHOD

You will learn through a variety of teaching methods which will aim to meet the needs of each individual and accommodate different learning styles. You will:

- Learn effective communication
- Prepare for and attend an interview
- Work as part of a team
- Gain knowledge of alternatives to paid employment
- Undertake a work placement
- Searching for a job
- Learn personal presentation and hygiene
- Gain skills, qualities and attributes needed for learning and work
- Be involved in community projects

Alongside your time at the employer you will complete a personalised study programme which includes the chance to study for relevant qualifications, if appropriate, and English and maths.

PROGRESSION

Wherever possible, we support the young person to move into paid employment at the end of the programme.

PARTNERSHIP

The Internship is run in partnership with Tameside College, Active Tameside and Tameside Hospital. Whilst on the programme we aim to provide three placements which last approximately 3 months each.

Aspirations

Aspirations students work towards the skills they need to participate in the wider community and where appropriate, the world of work. Aspirations learners often have specific learning needs and may have an EHCP (Education, Health and Care Plan). They may have attended a special school for their 11-16 education.

Aspirations support learners with a wide range of abilities with a personalised and flexible programme of study. Learners work towards externally recognised qualifications from City & Guilds, BTEC and NCFE from Entry Level 1 to Level 1. Learners will work towards improving communication and number skills and may complete maths, English and IT functional skills qualification, at an appropriate level.

Each learner at Aspirations will have an individual learning plan to assist them to develop the skills needed for adulthood and independence or supported employment. All learners have a personal, flexible, learner centred timetable selected from a matrix of subjects with consideration of their personal interests. Students can access one of many individualised curriculum pathways.

Entry level 1 to Level 1 sessions incorporate and embed literacy and numeracy and can include: digital skills, horticulture, drama, art, communication, sport, independent living skills, community participation, work experience and work skills, enterprise, environmental skills, personal and social development, British values, yoga and mindfulness, personal safety skills, including online safety.

ESOL Courses

For 16 to 18 Year Olds

This course is designed to support school and college leavers whose second language is English. As well as providing intensive English Language teaching, learners can take the first steps towards living independently within the community.

LEARNING ENGLISH

The English for speakers of other languages course consists of the following key elements: reading, speaking, listening and writing. Students will learn practical skills for employment such as writing letters, completing forms and creating a CV. The qualifications, awarded by City and Guilds, are recognised by employers and education providers. During the programme students are given the opportunity to study maths and digital skills in addition to the English skills.

CAREERS AND PROGRESSION

All Tameside College students have access to the range of career related courses. Students starting the ESOL programme can progress into employment and further education including university. Most students will spend 2 to 3 years studying to improve their English and communication skills.

ENRICHMENT AND SUPPORT

ESOL students take part in the full range of enrichment and have access to the college gym, which are effective ways to make new friends and keep fit. They also have access to support across college including: careers guidance, work experience, learning and financial support.
