Welcome

MESSAGE FROM THE PRINCIPAL

Welcome to Tameside College.

Over 3000 16 to 18-year olds have chosen to study at the college every year.

With the college providing the next steps from school to university, employment and apprenticeships, we aim to support the individual aspirations of every learner.

Our courses match the growing needs of employers across different sectors in Greater Manchester. This includes preparing you for life as a university student, if this is part of your career path. An essential part of the students' development includes experience with employers in the workplace and at the college. This means that our students enter the labour market with the right skills and qualifications to succeed.

JACKIE MOORES

Principal

Tameside College has invested significantly in its campus to develop the best learning facilities amongst further education colleges in the north west. The Advanced Technologies Centre, for science, technology, engineering and maths subjects, was followed with brand new facilities for the service and digital sectors at Tameside One. A new learning hub, IT equipment and food hub have been invested in. This has led to the redevelopment of our Beaufort Road estate, with the introduction of a multimillion pound state-of-the- art construction centre, and ambitious plans for the rest.

Our teaching and learning is complemented with comprehensive support and enrichment activities. Ofsted inspectors recognise the achievements staff and students have made on our journey to outstanding. We are particularly proud of the respect amongst students and the 'welcoming and friendly atmosphere in the college'. We look forward to meeting you and finding out more about your ambitions. At every stage of your application we will make sure you receive the best care, as you begin life as a Tameside College student in September 2021.

Our mission is to transform lives through education and training, come and be a part of it!

It's Official

Tameside College is a 'Good' college

"Teachers have developed creative activities that motivate and encourage students to acquire knowledge and skills."

"Achievement rates for students are high."

"Learners make good progress."

"Senior leaders and managers have created a culture of high expectations."

"Students and apprentices respect people from different cultures and backgrounds and this contributes to a welcoming and friendly atmosphere in the college."

"Tameside College has an ambitious vision to be an outstanding college, providing first-class education and training for the people of Tameside."

Ofsted Inspection report: 24-27 April 2018

Brand New Campus

TAMESIDE ONE

Brand new campus at Tameside One opened in April 2019.

Our Tameside One campus is home to courses that deliver skills and qualifications for the service sector. You will also find Tameside's digital and computing zone at this purpose built accommodation. Courses include:

- Hospitality and Catering
- Bakery, Chocolate Making & Patisserie
- Digital and Computing
- Hairdressing, Beauty Therapy,
 Media Makeup and Nail Technology
- Travel and Tourism
- Esports

ADVANCED TECHNOLOGIES CENTRE

Opened in September 2016.

The Advanced Technologies
Centre was developed in response
to employers' needs for science,
technology, engineering and maths
skills. It houses state-of-the-art robotic,
computing, engineering and design
technology to develop the skills of the
future workforce.

CONSTRUCTION CENTRE

Due to open in 2021, the new construction centre will provide modern and purpose built specialist workshops for students, apprentices and teachers. The building has been designed in consultation with employers as Tameside College further develops specialist provision in construction skills.

Why Choose Tameside College?

THERE ARE MANY REASONS WHY YOU SHOULD CHOOSE TAMESIDE COLLEGE. WE PRIDE OURSELVES ON MAKING SURE THAT YOU ACHIEVE YOUR TRUE POTENTIAL.

Our students say that the reason they chose Tameside College was because of:

- industry standard facilities and teachers with industry experience
- the support from teachers to succeed and progress
- amazing extra-curricular and enrichment activities
- the links with employers, universities and apprenticeships
- the development of the site and buildings
- the opportunity to carry out work experience as part of the study programme

Students also say that they are supported and encouraged to actively take part in competitions to broaden their skills and confidence ready for employment or university.

Other reasons to choose Tameside College are:

- · industry standard courses
- progression routes to employment, university or an apprenticeship
- careers and university support and advice
- trips to places such as Dublin, Malaga, Manchester City FC, New York, Wella Studios and Silverstone F1 racetrack, to name a few
- brand new campus and improved estate
- Tameside College will become the regional computing hub for Greater Manchester

Students will have the opportunity to share their views and experiences through the learner voice forums.

Become a student ambassador.

Travel and Transport

LOCATED CLOSE TO ASHTON TOWN CENTRE'S TRANSPORT HUB, TAMESIDE COLLEGE IS ACCESSIBLE FROM VARIOUS LOCATIONS ACROSS MANCHESTER.

By bus:

Ashton bus station has numerous services that run frequently, operated by Stagecoach and First Manchester. Many of the routes have buses running every 15 minutes. Our Tameside One campus is in the centre of Ashton-under-Lyne, with our Beaufort Road campus just a ten minute walk away.

*Free bus travel for 16-18s with "Our Pass"

By train:

Trains run frequently between Ashton-under-Lyne and Manchester, with the journey taking around 15 minutes.

By tram:

Trams run every 12 minutes from Manchester to Ashton. The direct line from MediaCity, passing through Piccadilly, takes around 40 minutes.

Cycling:

There are cycle spaces at the college campus. Ashton town centre also has two new cycle hubs which can accommodate over 80 bicycles. The hub is operated by secure automatic doors and CCTV. Use of the cycle hub costs £10 per year.

Programme of Study

When you start college, we will create a study programme specifically designed towards supporting you and your individual learning needs. From helping you choose the right course, to getting the right support via mathematics and English classes, Tameside College are here to help you.

Choosing a course can be overwhelming after studying different subjects at GCSE. We'll give you the support you need to find out what you enjoy, what existing skills you have and what career paths interest you.

Lauren Mole Hospitality and Catering

......

"I love the course I have chosen, the enjoyment I get out of this industry is amazing." Self-study plays an important role in your college life, as you are expected to manage your workload outside of the classroom in order to develop your own learning and independence.

Nathan Richards Electrical Installation

Nathan's teacher says:
"Nathan has completed all exams and written work to high standards and this is down to him showing a drive for learning the subject in his own time, as well as in the workshop and classrooms."

Gaining work experience whilst studying is essential to learning employability skills such as communication, teamwork, and problem solving that will help with the transition from college into the working world.

Samuel Bright Catering and Hospitality

"I enjoyed my work experience at the Principal Hotel in Manchester. It has allowed me to understand in more detail what is required to succeed in the industry."

TUTORIALS

There's more to college life than studying. Make the most of your time by learning new skills and making new friends via our range of enrichment activities such as sports, and volunteering.

Amy McBennett Hairdressing

Amy's teacher said: "Amy has grown in confidence due to her carrying out extra activities. Her professionalism is amazing." As part of your study programme, you will be assigned a progress tutor who will make sure you stay on the right track whilst studying and help you settle into college. Your progress will be reviewed, making sure you are achieving your full potential.

Morgan Whittaker Childcare

Morgan's teacher said:
"Throughout her studies
Morgan has remained
focused and driven. Her
work is excellent and it is
evident that she puts in
the extra work and time to
succeed."

A basic knowledge of both mathematics and English is essential for success in any career, especially progression to university. Full-time students are required to study English and mathematics alongside their programme if they haven't achieved a grade 4 at GCSE or functional skills level 2.

Tiger-Lee Walker Maths alongside Bakery

Tiger-Lee's teacher said:
"Tiger-Lee has extended her
maths studies outside of the
classroom and is a great role
model to her peers."

Choosing Your Level and Entry Requirements

To support you in making the best choice for your individual needs we provide various levels of qualification at Tameside College, which means there is a level for everyone. To ensure that our students are successful in their studies, we require them to meet our entry requirements, however, you may hold other qualifications which may be useful to determine the level of course that is best suited to you.

GCSE

- G
- GCSEs are well known qualifications, which at college are taken over 1 year
- GCSEs can be taken alongside any of our courses
- Students who gain grade 3 in mathematics and English are expected to resit as part of their study programme
- GCSEs are now graded numerically

Students who gain a grade 3 in maths and English are expected to resit as part of their study programme. Maths and English GCSE's are a requirement for university and employment.

- Entry level is for those who do not hold any formal qualifications prior to starting at college
 They help students develop personal and social
 - They help students develop personal and social skills whilst studying mathematics and English

No formal entry requirements. Evidence of previous work or commitment to study may be required.

LEVEL ONE

- Level 1 qualifications provide a starting point for progression to higher level vocational routes
 Courses run for 1 year and allow progression onto
- Courses run for 1 year and allow progression onto level 2 qualifications

3 GCSE's at grade 1 or above.

LEVEL TWO

- Level 2 qualifications provide a good foundation for students wishing to follow a particular vocational route
- Courses run for 1 year and allow progression onto level 3 qualifications
- Students are assessed by assignment and practical skills

3 GCSEs at grade 3 or above.

LEVEL (

- Level 3 qualifications provide routes for students wanting to progress onto higher education or employment
- Level 3 courses are usually taken over 1 year and are equivalent to 3 A levels

4 GCSEs at grade 4 or above including maths and / or English at grade 3 or above.

How to Apply

YOU CAN APPLY TO THE COLLEGE BY ONE OF TWO WAYS:

Paper application.

Application Dates

September 2020

You can apply to Tameside College for the academic year 20/21. The earlier you complete an application form, the more likely it is you will secure an interview and place for your chosen course.

February 2021

You should aim to have your completed application forms returned to the College. Ask your school careers advisor for support in completing the form, if you require it.

APPLICATION PROCESS

- (1) Submit completed application form
- You will receive an acknowledgement text/letter from the College
- You will be invited into college for an informal interview or be interviewed in school
- (4) Attend your allocated interview date and time
- (5) You will be offered a conditional place at the College
- (6) You will be invited to College events
- (7) Applicants who have been offered a place will be invited in to enrol in August 2020

Once you have applied to Tameside College we will keep in regular contact with you, via newsletters and other communications.

Wellbeing

Whether they are big or small, sometimes, we all face difficulties. If you have problems, or are feeling stressed our team is here to help you manage. We also support learners with COVID-19 linked support needs.

Learning support

We offer a range of support to meet your needs if you have a difficulty, disability or medical condition. If you have a specific disability or difficulty our team will support you to make sure you are successful on your course and at college.

Financial support

We are a great starting point if you need some help or support but aren't sure who to ask. We can help you find the information you need and the financial support

Progress tutors

Our progress tutors provide you with support and guidance on a range of subjects through our tutorial programme. They will review your progress and keep you on track with your course. They will also help you reach your potential and support you with your choices for the future.

Work experience

Work experience and enrichment activities help you build the skills you need for a successful career.
From taking part in work placements, doing wider activities such as volunteering or being a member of a college sports team, there are lots of ways to widen your experience.

Next steps

Our team is on hand throughout the year to provide you with the right careers advice for your future; whether that's continuing in education or looking for employment.

Next Steps.

University courses at Tameside College

Many students progress to university after college. Do you want to stay local and still study a degree or higher education qualification?

Tameside College offers Higher Education in:

- Business and Management
- · Computing and IT
- · Early Years
- Engineering
- Sport
- Teacher Education
- Education

You can apply to university or Tameside College via www.ucas.co.uk/apply (fees apply)

If you need support in completing an application for Tameside College's HE courses, visit Tameside College careers advisers. The college advisers or your progress tutor will also be able to help you apply for universities via UCAS.

You can also progress into employment in the relevant fields, see course details for progression routes for particular courses.

We also offer a range of Access to Higher Education courses, such as Nursing/ Midwifery and Social Work, which prepare people for study at university.

New jobs created in the professional and financial sector

Vacancies created by an ageing workforce in: retail, social care and construction

What is an Apprenticeship?

An Apprenticeship provides you with the opportunity to earn whilst you learn. You will work towards a nationally recognised qualification.

Apprenticeships combine 'on the job' practical training whilst studying towards a qualification, all of them require off the job training, where you attend college classes and workshops.

You will be employed and your employer will provide you with the opportunity to put into practise what you are learning at college.

You will be assigned an assessor from Tameside College to support you throughout your apprenticeship. They will visit you at your place of work and will guide you towards completing your qualification.

Megan Ribbon
Painting and Decorating
Apprentice

How to apply

I am still in school

Show your interest in an Apprenticeship by completing the college application form.

Online www.tameside.ac.uk/on

What happens after I have applied?

After completing an application form our admissions team will process this and you will be informed of the next steps by text message and/or letter.

What happens if I don't have an employer lined up?

Our team will automatically process an application on your behalf for a full time college course which relates to your chosen apprenticeship. By August, if you haven't secured an employer who will support your apprenticeship or if we don't have a suitable employer vacancy for you, you can enrol on the full time course until an employer is found.

I have started a full time college course but now have an employer?

If you have started a full time course with the college but in the meantime have secured an employer, let us know and we will arrange for you to carry out the Apprenticeship programme instead. We will need to confirm with the employer before processing your transfer.

I already have an employer lined up

You need to inform us of the employer so we can carry out the required processes to ensure they meet the criteria to support an Apprentice.

I have already left school

Live vacancies allow you to start as soon as possible.

You can apply for live vacancies via our website www.tameside.ac.uk

You will be directed to a college application form which will pull through which vacancy you are interested in.

Our Apprenticeship team will get in touch with you to carry out the relevant paperwork and ensure you meet the required specifications for the role.

Animal Management

There is an ever increasing need for professionals in the animal management industry. If your passion is to work with animals, caring for them, managing their habitat and to train in this industry, then we are here to support the start of your career. You will work in specialist facilities with a range of animals.

And There's More...

- Onsite animal management centre
- A wide range of mammals, reptiles, and birds to care for at college
- We are working in partnership with the new Manchester Zoo in the set up stages
- Take part in work experience and trips
- Industry trained teachers and technicians
- Students have landed dream work experience abroad

Ella Herbert

Attended: Wright Robinson College

Study Programme: Level 3 Animal Management

Progression: University to study Zoology

After university I would like to become a zoo keeper. This course has really suited me and it is great that a local college offer animal management courses.

Ella Herbert

Ella's teacher said:

"Ella has shown tremendous improvement with her academic ability. She has developed her confidence considerably and has taken on a leadership role with her peers."

Animal Management Courses

FOR ENTRY QUALIFICATIONS SEE PAGE 10

ANIMAL MANAGEMENT

L3

During the level 3 course you will develop your knowledge by studying topics relating to: animal welfare and ethics, animal husbandry, animal behaviour and animal health and diseases. You will also be assessed in a work experience setting. This level 3 course has significant science content.

ANIMAL MANAGEMENT

Duration ● 1 year | Campus ● Beaufort Road

These courses are designed for anyone wanting to pursue a career in animal management, science or veterinary nursing. You will develop your knowledge in all aspects of animal management including animal health and welfare, animal science and gain hands-on practical skills. You will study a range of animal-related topics such as: animal biology, animal feeding and nutrition, animal behaviour and communication, wildlife rehabilitation and conservation, animal breeding and genetics.

Veterinary nurse

Animal care assistant

Farm worker

Animal Management GM Facts

50% of the UK has a pet

The most popular pet in the UK is the dog, with 26% of people owning one

GM will have its own zoo by 2021

Automotive

Due to the increase in people retiring from the automotive industry in Greater Manchester, there is a higher demand for skilled workers to replace those leaving. Economic growth will see more and more people relocating to Manchester. Therefore, there will be more vehicles using our roads, ultimately leading to a higher need in repairs and motor technology. There will be a need for more skilled workers due to the development of green technology and electric cars.

And There's More...

- Learn in our purpose built workshops
- Train with some of the best facilities and equipment in the industry, including onsite car spraying booth
- Colour match paintwork with our technology
- Support school pupils in building Greenpower electric kit-cars
- Work with leading trade names in the industry

Jordan Doheny

Attended: **Mosslev Hollins High School**

> **Study Programme:** Level 3 Automotive

Progression: Employment as a Motor Mechanic

I have enjoyed every minute of my time at Tameside College. The teachers have taught me so much. I have always been interested in this type of career as family members have encouraged me to do something I enjoy.

Jordan Doheny

Jordan's teacher said:

"Jordan has progressed through various levels of study with Tameside College where he has continued to provide excellent work. Jordan's work ethic will take him far in the sector."

Automotive Courses

COMPUTING

Duration • 2 years | Campus • Tameside One

You will acquire skills in a variety of computer programming languages and computer applications, also understanding industrial and commercial information technology. You will learn a variety of topics including: website design and customisation, networking, systems analysis and database development. This level 3 qualification can lead to further study at university, work or an apprenticeship.

COMPUTING AND IT

Duration ● 1 year | Campus ● Tameside One

This course is aimed at those who wish to develop their skills in IT and computing. You will learn how computers work and how they are used in businesses. You will gain knowledge in IT fundamentals, using the internet, use of email, website software and spreadsheets, all of which will help you progress to a higher level course.

ESPORTS

Duration ● 2 years | Campus ● Tameside One

Esports is one of the fastest growing digital industries in the world. This unique course will help you understand this growth industry, equipping you with vital skills required to further your Esports career.

On this course, you will complete units that will develop your understanding of the following topics: Esports skills, strategies and analysis, enterprise and entrepreneurship, events and laws and legislations.

You will gain a firm grasp of the business elements, including live-streamed broadcasting, games design and more.

Computing GM Facts

Employment is expected to increase over the next 20 years, offering thousands of new jobs

Employers in Greater Manchester say that IT, sales and business skills are the most in demand specialist skill

Manchester is the original 'tech city' - ever since the computer was invented here

Manchester is leading the way in defending assets connected to the internet from hackers

Construction

Infrastructure is the driving factor behind the industries expansion, as well as transport projects. Jobs are set to increase, as the demand for skilled workers increases to support the high-profile projects in the housing, water and sewerage, electricity and rail sub-sectors. Tameside College is investing in a new multimillion construction centre, providing the best educational facility in the north west. The new level 3 professional construction course will prepare you for a future career as a site manager, quantity surveyor or chartered surveyor.

- Current students have experienced the construction site of our Tameside One campus, plus many other local work experience opportunities
- Links with big construction brands such as Hitachi and Festool
- Take part in a range of skills competitions throughout the year
- Great links with CITB (Construction Industry Training Board)
- Network with local employers at our 'pathways to construction' employer event
- CIPHE accredited department (Chartered Institute of Plumbing and Heating Engineering)
- Most of our construction students progress into our own apprenticeships
- Be part of our annual construction open day
- New state-of-the-art construction centre in progress
- New course opportunities

Qais Khan

Attended: **Great Academy Ashton**

> **Study Programme:** Level 1 Brickwork

Progression: Level 2 Brickwork

I hope to in the future have my own building company and work for myself. My teachers at Tameside College are setting me up for my future by sharing their knowledge and supporting me.

Qais Khan

Qais's teacher said:

"Qais has impressed us all with his work and attention to detail, so much so that he was put forward for the GMCG skills competition where he received first place in the bricklaying category."

Construction Courses

FOR ENTRY QUALIFICATIONS SEE PAGE 10

SITE CARPENTRY

Duration ● 1 year | Campus ● Beaufort Road

You will develop and advance your skills in site carpentry. You will focus on the installation of joinery components whilst developing your skills in topics including: estimating, methods of working, building design, construction, budget management and career preparation. Upon completion of site carpentry you will be able to fix roofing, stairs, doors and use machinery correctly.

BENCH JOINERY

Duration ● 1 year | Campus ● Beaufort Road

Becoming a bench joiner requires skills in fixing and setting up machinery, shaping doors and frames and manufacturing stairs with turns. You will learn safe working practices, information and quantity surveying systems, marking out products as well as setting up and operating circular saws.

FITTED FURNITURE (CARPENTRY)

Duration ● 1 year | Campus ● Beaufort Road

This course is aimed at those who wish to go into the kitchen and bathroom fitting industry. You will be taught a range of skills including installing fitted furniture, installing basic plumbing, interpretation of design as well as health and safety.

CARPENTRY AND JOINERY

Duration ● 1 year | Campus ● Beaufort Road

This course has been designed to develop your skills, knowledge and understanding of carpentry and joinery to enable you to progress to the next level. The course focuses on woodwork and includes topics such as an introduction into the industry, estimating, health, safety and welfare and knowledge of construction technology.

CONSTRUCTION MULTISKILLS

Duration • 1 year | Campus • Beaufort Road

You will learn the skill of carpentry and joinery, painting and decorating and bricklaying, all at the basic level. This will enable you to progress onto the higher level, which is relevant to what you enjoyed doing during this qualification.

ELECTRICAL INSTALLATION

Duration ● 1 year | Campus ● Beaufort Road

These courses have been designed to help those interested in the electrical industry to progress. You will learn electrical principles, electrical science, electrical technology, inspection and testing, as well as the latest wiring regulations. During the course you will get hands on in our purpose built workshops.

PLUMBING

Duration ● 1 year | Campus ● Beaufort Road

You will learn all the basic skills to become a plumber. Following on from this, the higher level courses will teach you about heating systems, hot and cold water systems, sanitation systems, environmental technologies and gas safety. You will use all the latest tools to support your studies and progression.

BRICKWORK

Duration ● 1 year | Campus ● Beaufort Road

You will be taught practical skills to succeed within the bricklaying industry. Skills will include repair and maintain structures, scaffolding, solid and cavity walls and fireplaces and chimneys. You will learn building standards and how the industry operates.

Carpenter

Joiner

Electrician

Engineering

The north west is the largest manufacturing and advanced engineering cluster in the UK. Siemens, Kellogg's, Amazon, The Hyde Group and Hitachi are all located in Greater Manchester due to the talent and access to the large engineering and manufacturing market. The comprehensive travel systems give Greater Manchester business access to national and international markets. As a college, we have invested in a state-of-the-art Advanced Technologies Centre to support the growth of this sector.

- Study in our purpose built Advanced Technologies Centre
- Use the latest equipment, £1million invested in equipment in 2017
- Links with FESTO, Hyde Group, Siemens and other top engineering brands
- On-site 3D printers, robotics, pneumatics and hydraulics and CNC engineering
- Take part in skills competitions at a national level
- Progression to Higher Education
- Fantastic career prospects locally in Tameside, Greater Manchester and internationally
- A national pilot area for extended work experience opportunities, improving your employment chances
- Visits from leading global component manufacturers
- Brand new welding machines in our workshops

Harriet Atkinson

Attended: **Denton Community College**

> **Study Programme:** Level 3 Engineering

Progression: An Apprenticeship in **Building Information Modelling** (BIM)

During my study programme I took part in work experience with a company doing BIM, this is what helped me decide on my future career path. Tameside College and the work experience programme has really helped me set my foundations for the future.

Harriet Atkinson

Harriet's teacher said:

"Harriet has a very mature and professional approach to her studies and takes responsibility for her own learning and progression. Harriet is a pleasure to teach and we know she is going to excel in the engineering industry."

Engineering Courses

FOR ENTRY QUALIFICATIONS SEE PAGE 10

ENGINEERING

L3

Duration ● 2 years | Campus ● Beaufort Road

Improve your skills, knowledge and understanding with topics including: health and safety, electrical and electronic principles, robotics, CNC machining, programmable logic control, microcontrollers and CAD. You can progress to university or into employment. This qualification is equivalent to 3 A Levels.

ENGINEERING (MECHANICAL)

Duration ● 1 year | Campus ● Beaufort Road

This course will allow you to develop skills to help you progress to university or an apprenticeship. You will study a range of units including: health and safety, operations in engineering, including fitting and turning and CAD.

ENGINEERING (FABRICATION AND WELDING)

Duration ● 1 year | Campus ● Beaufort Road

You will learn engineering health and safety, engineering principles, fabrication and welding, MMA/TIG/MIG, sheetmetal work, fabrication of materials and pattern development for fabrication. You can progress into an apprenticeship or employment.

ENGINEERING (MAINTENANCE)

Duration ● 1 year | Campus ● Beaufort Road

You will develop skills to help you progress onto an apprenticeship or into employment. Units include: health and safety, maintenance, principles, fitting and assembly, pneumatic and hydraulics and fault finding.

PATHWAY TO TECHNICAL ENGINEERING APPRENTICESHIP

Duration ● 1 year | Campus ● Beaufort Road

You will study towards a Level 2 Diploma in engineering. You will cover a range of subjects including: health and safety, principles of engineering and develop a good range of hand machining skills, which will prepare you for an apprenticeship in February. You will receive a paid bursary and must have grade 4 or above in maths and English GCSEs.

Engineering GM Facts

There has been a growth in 3D printing

The engineering sector is rapidly growing so there is a need for more skilled workers

The manufacturing sector makes a substantial economic contribution, accounting for 43.5% of the turnover generated by engineering enterprises in the UK

· It is forecast that between 2014 and 2024, 13 million job openings will arise across the economy

Hair and Beauty, Nails and Media Makeup

Greater Manchester is one of the top regions for people wanting to look after their appearance. Due to this, the number of salons in the area has increased, meaning a demand for high skilled workers in this industry. At Tameside College we have a commercial high street salon, available to the public for appointments. We pride ourselves on ensuring our students get the most out of their studies, and we have all the latest tools and equipment needed to make this happen.

- Study in our brand new commercial high street salons in Ashton town centre
- Take part in skills competitions in house, across Manchester and beyond
- Work experience with local theatres including Clarendon Sixth Theatre and the Royal Exchange Theatre
- Create hair and makeup for theatre shows
- Links with brands such as Wella and Dermalogica
- Work with professional photographers and gain industry insight

Casey Lowe

Attended: Rayner Stephens High School

Study Programme: Level 2 Hair and Media Makeup

Progression: Level 3 Hairdressing

The course at Tameside College has really challenged me and enabled me to learn more about what I am passionate about. I am looking forward to the hairdressing course.

Casey Lowe

Casey's teacher said: "Casey takes pride in all her work and all her assignments have been of a high standard. Casey's confidence has grown and developed throughout her studies."

Hair & Beauty Courses

FOR ENTRY QUALIFICATIONS SEE PAGE 10

HAIRDRESSING

Duration ● 1 year | Campus ● Tameside One

These courses will ensure you understand the basic aspects of the hairdressing industry. Sports GM Facts

GM is home to some of the best football clubs

Old Trafford is the largest football stadium in the north west

There are current plans for a new 23,500 capacity Arena near Etihad Stadium

Getting people into fitness will save the NHS £647,000 in 1 year alone

Stalybridge Celtic Football Academy

Tameside College works in partnership with Stalybridge Celtic FC (SCFC) to provide a well-rounded football and education experience where you develop your academic knowledge alongside the practical and mental skills of the game. Coupled with coaching, practice and match experience under the supervision of the club's highly qualified coaching staff, students develop the skills and knowledge to help them progress academically and professionally. A few of our Celtic youngsters like Connor Jennings at Tranmere become full time professionals; more go into semi-professional football and combine this with employment in sport and leisure. Some of our Level 3 Academy students progress into university with a Sports Science degree being a favoured option.

ABOUT THE COURSE

The Academy develops the skills of the whole player attack, defence and transition. Players learn a mix of technical, physical and psychological aspects of the game. Supported by an experienced team of coaches, including specialist goalkeeping, analyst, physio, conditioning, pastoral and welfare experts. We offer three to four weekly training sessions; personalised gym and nutrition programmes; structured pre-season training and matches. The Academy train and play across a mix of 4G artificial pitches; two state of the art gyms and at Stalybridge Celtic's Bower Fold ground; the best stadium in Tameside and the most impressive in the Evostik Premier League.

The academic element of the course includes study at level 2 or 3 in Sports studies. The qualification involves the study of: sports anatomy, physiology of sports and exercise, sports coaching, practical team sport, diet and nutrition, fitness instruction and business skills in sport.

ABOUT THE CLUB

Stalybridge Celtic FC first team play in the Premier Division of the Evostik league, the Academy play in the National League U19s Alliance (opposition include Crewe, Rochdale and Salford). The Academy also play in the FA National Youth Cup, alongside college games and targeted friendlies which provide for a broad range of footballer. Our academy has a direct pathway to the Celtic first team, as demonstrated by recent students attending training and being selected for first team matches. Our Academy students can broaden their skills and work opportunities through coaching, refereeing courses and work experience opportunities with Stalybridge Celtic FC, Stalybridge Celtic Foundation and Smurfit Kappa, our Academy lead sponsor.

ENTRY REQUIREMENTS

Refer to **page 10** for more information on entry requirements.

Entry Level Springboard Programme

Not sure what you want to do next?

This programme offers young people an opportunity to study qualifications and find out about routes into employment, apprenticeships, traineeships and other further education opportunities.

DIFFERENT START TIMES THROUGHOUT THE YEAR

The work study programme is available to start at any time of the year. As the programme is a mix of work experience, study and community based project work, applicants have their training tailored to their needs.

TYPICAL COURSE OPPORTUNITIES

- Improve your mathematics and English qualifications (not optional!)
- Explore your career options
- · Develop employability skills
- Visit employers, such as the Coca Cola factory, to find out about the world of work
- Take part in a range of different vocational tasters to pick the right course for you
- Take part in volunteering projects to help others across Tameside and in your local community
- Develop a high quality CV and brush up on interview skills

QUALIFICATIONS

- GCSE English and mathematics
- · Functional skills in English and mathematics

ENRICHMENT

• Full enrichment activities including sport and outdoor activities

PROGRESSION

- Full time college course
- Apprenticeship/Traineeship
- Employment

APPLICATION

College application form

Aspirations

Aspirations students work towards the skills they need to participate in the wider community and where appropriate, the world of work. Aspirations learners often have specific learning needs and may have an EHCP (Education, Health and Care Plan). They may have attended a special school for their 11-16 education.

Aspirations support learners with a wide range of abilities with a personalised and flexible programme of study. Learners work towards externally recognised qualifications from City & Guilds, BTEC and NCFE from Entry Level 1 to Level 1. Learners will work towards improving communication and number skills and may complete maths, English and IT functional skills qualification, at an appropriate level.

Each learner at Aspirations will have an individual learning plan to assist them to develop the skills needed for adulthood and independence or supported employment. All learners have a personal, flexible, learner centred timetable selected from a matrix of subjects with consideration of their personal interests. Students can access one of many individualised curriculum pathways.

PRE ENTRY TO LEVEL 2 SESSIONS CAN INCLUDE:

- Mathematics
- English
- IT
- Sensology
- Tacpac sessions
- Drama
- Music
- Art
- Horticulture
- Cooking
- Communication
- Sport
- Life skills
- Independent living
- Swimming
- Animal care
- · Gardening & horticulture

- Work experience
- Everyday skills
- Accessing the community
- Enterprise projects e.g. recycling and sustainability
- Card making
- Personal and social skills
- British values
- Yoga
- · Personal safety skills

Supported Internship programmes are offered in partnership with Tameside Hospital and Active Tameside.

ESOL CoursesFor 16 To 18 Year Olds

This course is designed to support school and college leavers whose second language is English. As well as providing intensive English Language teaching, learners can take the first steps towards their future careers.

LEARNING ENGLISH

The English for speakers of other languages course consists of the following key elements: reading, speaking, listening and writing. The programme will help learners develop study skills to complete assignments and keeping a portfolio. Students will also learn practical skills for employment such as writing letters and creating a CV. The qualifications, awarded by City and Guilds, are recognised by employers and education providers.

CAREERS AND PROGRESSION

As students are based at Tameside College they have access to the range of career related courses. Taster sessions give students an experience of what courses are available and how they are assessed. Students starting the ESOL programme can progress to work and university through apprenticeships and full time courses. Most students will spend 1 year intensely improving their written and spoken English.

ENRICHMENT AND SUPPORT

ESOL students take part in the full range of enrichment and sports activities which are a good way to make new friends and keep fit. They also have access to support across college including: careers guidance, work experience, learning and financial support.

Kanchan Khadka

Attended: School out of Tameside

> **Study Programme: ESOL**

Progression: Continue studies at Tameside College

I will be continuing my studies at Tameside College to progress my skills. I like work experience.

Kanchan Khadka

Kanchan's teacher said:

"Kanchan has grown in confidence and her written and spoken communication has vastly improved. Kanchan has been able to develop her skills for employment and recently started work experience."
