## WELCOME FROM THE PRINCIPAL

### Welcome to Tameside College.

I am delighted to confirm that we are the top performing post 16 provider in Tameside and many of our curriculum areas are the best performing in Greater Manchester. In Tameside the college outperforms all other providers at level 1, 2 and 3 for school leavers by 6% and by 30+% at level 2. \*\*

With the college providing the next steps from school to university, employment and apprenticeships, we aim to support the individual aspirations of every learner who chooses to study at Tameside College.

Our courses match the growing needs of employers across different employment growth sectors in Greater Manchester. This includes preparing you for life as a university student, if this is part of your career path. An essential part of students' development includes experience with employers in the workplace and at the college. This means that our students enter the labour market with the correct mix of skills and qualifications required to succeed. For example, our new T Level health course would enable you to undertake a significant period of work experience with Tameside & Glossop NHS Trust. We work in partnership with GM Chamber of Commerce to ensure our courses meet employers' needs.

Tameside College has invested significantly (£100 million +) in its campuses to develop the best learning facilities amongst further education colleges in the north west. The brand-new animal management centre will open in 2023 alongside the new brickwork facility and floristry suite. Additionally, a new support hub will open providing a 'one stop shop' for pastoral, financial and learning support. There will be greatly enhanced facilities for fabrication and welding. In September 2024 we will open a new automotive centre with hybrid & EV technologies and there has been a significant multimillion pound updating of other parts of the campus.

The Advanced Technologies Centre, for science, technology, engineering and maths subjects, has seen a further £1 million + invested this year into mechatronics and robotics and Industry 4.0 kit as a result of the college being a key partner in the GM Institute of Technology (GMIoT) with the University of Salford. At Tameside One our new facilities for the service industries and digital & creative sectors are outstanding. The state-of-the-art construction centre opened in 2022, and we have ambitious plans for our remaining estate.

Our innovative teaching and learning is complemented by comprehensive support and enrichment activities. Ofsted inspectors recognise the achievements staff and students have made on our journey to outstanding. We are particularly proud of the mutual respect between students and staff and the welcoming and friendly culture, and the community feel in the college. We look forward to meeting you and finding out more about your ambitions. At every stage of your application, we will make sure you receive the best care, as you begin life as a Tameside College student in September 2024.

**Our mission is to transform lives through education and training, come and be a part of it!**

# Why Choose Tameside College?

**THERE ARE MANY REASONS WHY YOU SHOULD CHOOSE TAMESIDE COLLEGE. WE PRIDE OURSELVES ON MAKING SURE THAT YOU ACHIEVE YOUR TRUE POTENTIAL.**

**Our students say that the reason they chose Tameside College was because of:**

- industry standard facilities and teachers with current industry skills and knowledge
- the support from teachers to succeed and progress
- amazing extra-curricular and enrichment activities
- the links with employers, universities and apprenticeships
- the development of the site and buildings
- the opportunity to carry out work experience as part of the study programme

Students also say that they are supported and encouraged to actively take part in competitions to broaden their skills and confidence ready for employment or university.

## **TAMESIDE COLLEGE HAS THE BEST 16-18 YEAR OLD ACHIEVEMENT RATES IN TAMESIDE**

The achievement rate for 16-18 year olds at Tameside College (the percentage of learners who start their course, stay and achieve) is 84%: the best in Tameside being 6% higher than all other local providers.

Data is from the 2022 NART (National Achievement Rate Tables), published on the Department for Education (DfE) website in April 2023, which includes every learner in every post 16 provider.

The DfE performance tables count only a small proportion of the students at Tameside College, which is why the student count is much lower for the college in the DfE performance tables.

# Travel and Transport

**LOCATED CLOSE TO ASHTON TOWN CENTRE'S TRANSPORT HUB, TAMESIDE COLLEGE IS ACCESSIBLE FROM VARIOUS LOCATIONS ACROSS MANCHESTER.**

## **By bus:**

Ashton Interchange has numerous services that run frequently. Many of the routes have buses running every 15 minutes. Our Tameside One campus is in the centre of Ashton-under-Lyne and our Beaufort Road campus is just a ten minute walk away.

*\*Free bus travel for 16-18s with "Our Pass"*

## **By train:**

Trains run frequently between Ashton-under-Lyne and Manchester, with the journey taking around 15 minutes.

## **By tram:**

Trams run every 12 minutes from Manchester to Ashton. The direct line from MediaCity, passing through Piccadilly, takes around 40 minutes.

## **Cycling:**

There are a number of secure cycle spaces at the college campus.

## **Car park:**

There are a number of car parking spaces on the college campus.

# Programme of Study

When you start college, we will create a study programme specifically designed towards supporting you and your individual learning needs. From helping you choose the right course, to getting the right support via mathematics and English classes, Tameside College are here to help you.

Choosing a course can be overwhelming after studying different subjects at GCSE. We'll give you the support you need to find out what you enjoy, what existing skills you have and what career paths interest you.

.....

Self-study plays an important role in your college life, as you are expected to manage your workload outside of the classroom in order to develop your own learning and independence.

.....

Gaining work experience whilst studying is essential to learning employability skills such as communication, teamwork, and problem solving that will help with the transition from college into the working world.

.....

There's more to college life than studying. Make the most of your time by learning new skills and making new friends via our range of enrichment activities such as sports, and volunteering.

As part of your study programme, you will be assigned a progress tutor who will make sure you stay on the right track whilst studying and help you settle into college. Your progress will be reviewed, making sure you are achieving your full potential.

A basic knowledge of both mathematics and English is essential for success in any career, especially progression to university. Full-time students are required to study English and mathematics alongside their programme if they haven't achieved a grade 4 at GCSE or functional skills level 2.

# Choosing Your Level and Entry Requirements

To support you in making the best choice for your individual needs we provide various levels of qualification at Tameside College, which means there is a level for everyone. To ensure that our students are successful in their studies, we require them to meet our entry requirements, however, you may hold other qualifications which may be useful to determine the level of course that is best suited to you.

## GCSE

G

- GCSEs are well known qualifications, which at college are taken over 1 year.
- GCSEs can be taken alongside any of our courses.
- Maths and English GCSEs are a requirement for university and employment.

Students who gain a grade 3 in maths and English are expected to resit as part of their study programme.

## ENTRY LEVEL

E

- Entry level is for those who do not hold any formal qualifications prior to starting at college.
- They help students develop personal and social skills whilst studying mathematics and English.

No formal entry requirements however we expect all learners to demonstrate a willingness to learn and to demonstrate behaviours and attitudes which support their progression and success.

## LEVEL ONE

L1

- Level 1 qualifications provide a starting point for progression to higher level vocational routes.
- Courses run for 1 year and allow progression onto level 2 qualifications.

GCSEs at grade 1 or 2 in English and maths.

## LEVEL TWO

L2

- Level 2 qualifications provide a good foundation for students wishing to follow a particular vocational route.
- Courses run for 1 year and allow progression onto level 3 qualifications.
- Students are assessed by assignment and practical skills.

4 GCSEs at grade 3 or a vocational qualification Level 1 in the chosen subject.

## LEVEL THREE

L3

- Level 3 qualifications provide routes for students wanting to progress onto higher education or employment.
- Level 3 courses vary between 1 and 2 years and are equivalent to 3 A levels.

4 GCSEs at grade 4 including maths and / or English or a vocational qualification Level 2 in the chosen subject.

# T-LEVELS

## THE NEXT LEVEL QUALIFICATION

### T LEVELS

T Levels follow GCSEs and are equivalent to 3 A levels. These 2-year courses have been developed in collaboration with employers and businesses so that the content meets the needs of industry and prepares students for work, further training or study.

T Levels offer students a mixture of classroom learning and 'on-the-job' experience during an industry placement (approximately 45 days).

### ENTRY REQUIREMENTS

5 GCSEs at grade 4 or above, including Maths and English, at grade 4

### KEY FEATURES OF T LEVELS

Equivalent to 3 A levels

45 day industry placement

80% classroom/workshop & 20% industry placement

2 year study

Assessed by examination, practical work (employer set projects)

### PROGRESSION

University

Employment

Apprenticeship

# T-LEVELS

## THE NEXT LEVEL QUALIFICATION

### WHAT WE OFFER

- Automotive
- Construction
- Education & Childcare
- Engineering
- Health
- Digital

### NEW FOR 2024

- Animal Care
- Catering
- Hairdressing
- Media
- Management and Administration

### EDUCATION AND CHILDCARE

#### Specialism in Early Years

Components include: child development; supporting education; safeguarding, health and safety and wellbeing; behaviour; observation and assessment; equality and diversity and special educational needs and disability.

#### Specialism in Teaching Assistant

Support the class teacher to enhance children's education, individually and in groups; plan, provide and review educational opportunities in collaboration with teachers and other adults; safeguard and promote the health, safety and wellbeing of children and young people and recognise, adapt and respond to individual children's needs, including those with SEND, to support development and access to the curriculum.

### DIGITAL, PRODUCTION, DESIGN AND DEVELOPMENT

The T Level in Digital Production, Design and Development qualification covers a variety of concepts such as data, security and programming, software development life cycle, software solution methodologies and the impact of emerging technologies. You will also complete a substantial work placement which involves working in a digital role, where you will also be supported to complete an employer set project.

## HEALTH

All students will develop a general understanding of health and science; looking at principles of good scientific and clinical practice, how to manage data, environmental regulations and science concepts (cells, tissues, microbiology). In addition to this, students will also learn about topics specific to health; such as wellbeing, anatomy, physiology and infection prevention.

## DESIGN, SURVEYING AND PLANNING FOR CONSTRUCTION

During the two-year programme, you will learn the core knowledge and experience that underpins Design, Surveying and Planning for Construction and you will also develop occupationally specific skills in surveying and design for construction and the built environment; civil engineering; building services design or hazardous materials analysis and surveying.

This course will allow you to enter skilled employment within a specific occupation, an Apprenticeship or higher-level study, including university with a focus on design and surveying.

## LIGHT AND ELECTRIC VEHICLES

This course will help you gain an understanding of the automotive industry. You will take part in core units including: maintenance, installation and repair requirements; fault detection and diagnosis; isolation and resolution methods; communication for maintenance, installation and repair activities. You will also take part in an occupational specialism in light and electric vehicles.

## MAINTENANCE, INSTALLATION AND REPAIR FOR ENGINEERING

The qualification will help you gain an understanding of the engineering industry and the sector, and will cover topics including: processes of production and manufacturing; materials used in production, manufacturing and fabrication environments; specialist machinery utilised in the production and manufacturing environments; product and project management and quality assurance and quality control. You will also complete an occupational specialism in fitted and assembly technologies.

# How to Apply

**APPLY TO THE COLLEGE VIA OUR ONLINE APPLICATION FORM:**

**[www.tameside.ac.uk](http://www.tameside.ac.uk)**

## **September 2023**

You can apply to Tameside College for the academic year 24/25. The earlier you complete an application form, the more likely it is you will secure an interview and place for your chosen course.

## **February 2024**

You should aim to have your completed application form returned to the College by this date at the latest. Ask your school careers advisor for support in completing the form, if you require it.

## **APPLICATION PROCESS**

- 1** Submit completed application form
- 2** You will receive an acknowledgement text from the College
- 3** You will be invited into college for an informal interview or be interviewed via telephone
- 4** Attend your allocated interview date and time, either in college or over the telephone
- 5** You will be offered a conditional place at the College
- 6** You will be informed of college news and events throughout the year
- 7** Applicants who have been offered a place will be invited in to enrol in August 2024

# Dates For Your Diary

## Wellbeing

### Wellbeing

Our team is here to support you with any personal issues which might affect your time at college. Whether they are big or small sometimes we all face problems.

If you have problems at home or in college, or are feeling stressed or under pressure, our team are always here to listen and help you manage these situations.

They will also help you with any situation where you don't feel safe.

## Learning Support

Our Learning Support team provide extra help you might need to succeed on your course and develop your skills for the future. We offer a range of support to meet your needs if you have a difficulty, disability or medical condition.

If you have specific disabilities/difficulties like: Dyslexia, Dyspraxia, Asperger's Syndrome, hearing/visual/physical difficulties, ADHD or medical conditions our team will support you to make sure you are successful on your course and in every aspect of college life.

## Financial Support

We are a great starting point if you need some help or support but aren't sure who to ask. We can help you find the information you need and the financial support you require.

## Financial Support

## Progress Tutors.

### Progress Tutors

Our Progress Tutors provide you with support and guidance on a range of subjects through our tutorial programme.

They will review your progress and keep you on track with your course.

They will also help you reach your potential and support you with your choices for the future.

## Work Experience

### Employability, Industry Placements and Enrichment.

Start building your career with employability, industry placements and enrichment activities to help you build the skills you need for a successful career. From taking part in a work or industry placement to volunteering and actively contributing to your local community or being a member of a college sports team, there are lots of ways to widen your college experience.

### Next Steps

Our team is on hand throughout the year to provide you with the right careers advice for your future; whether that is continuing in education or looking for employment.

They will support you with your choice of course, looking for an apprenticeship, CV writing, job applications or applying to university (UCAS).

## Next Steps.

# University courses at Tameside College

Many students progress to university after college. Do you want to stay local and still study a degree or higher education qualification?

## Tameside College offers Higher Education in:

- HTQ in Computing (Cyber Security)
- HNC/D in Construction Management
- HNC/D in Mechanical Engineering
- HNC/D in Electrical Engineering
- BA (Hons) in Education (Supporting Teaching and Learning)
- Certificate in Education/Professional Graduate
- Certificate in Education / PGCE in Education

You can apply to university or Tameside College via [www.ucas.co.uk/apply](http://www.ucas.co.uk/apply) (fees apply) or via <https://university.tameside.ac.uk/>

If you need support in completing an application for Tameside College's HE courses, visit Tameside College careers advisers. The college advisers or your progress tutor will also be able to help you apply for universities via UCAS.

You can also progress into employment in the relevant fields, see course details for progression routes for particular courses.

We also offer a range of Access to Higher Education courses, such as Nursing/Midwifery and Social Work/Social Sciences. Science and Humanities, which prepare people for study at university. Professional study courses such as AAT are available.

# What is an Apprenticeship?

**An Apprenticeship provides you with the opportunity to earn whilst you learn. You will work towards a nationally recognised qualification.**

Apprenticeships combine 'on the job' practical training whilst studying towards a qualification, all of them require off the job training, where you attend college classes and workshops.

You will be assigned an assessor from Tameside College to support you throughout your apprenticeship. They will visit you at your place of work and will guide you towards completing your qualification.

As an Apprentice, your employer will provide you with the opportunity to put into practice what you are learning at college.

# APPRENTICESHIP Dental Nursing

STUDENT OF  
THE YEAR

# Apprenticeship Standard Programmes

## How to apply

### I am still in school

.....

**Show your interest in an Apprenticeship by completing the college application form.**

- Online [www.tameside.ac.uk](http://www.tameside.ac.uk)

#### **What happens after I have applied?**

After completing an application form our admissions team will process this. You will receive an email inviting you to an apprenticeship interview. Apprenticeship interviews are held from February onwards and consist of a maths and English assessment.

#### **What happens if I don't have an employer lined up?**

Once you have attended your apprenticeship interview, we will contact you about suitable vacancies. Our team will also process an application on your behalf for a full time college course which relates to your chosen apprenticeship. By August, if you haven't secured an employer who will support your Apprenticeship, you can enrol on the full time course until an employer is found.

#### **I have started a full time college course but now have an employer?**

If you have started a full time course with the college but in the meantime have secured an employer, let us know on 0161 9086630 and we will arrange for you to carry out the Apprenticeship programme instead. We will need to confirm with the employer before processing your transfer.

#### **I already have an employer lined up**

Please apply for the apprenticeship online. We will invite you to an interview, at which you can inform us of the employer. We will contact them to ensure they meet the criteria to support an Apprentice.

.....

### I have already left school

.....

**We hold weekly interviews to ensure you can start as soon as possible.**

**Apply for an apprenticeship via our website**  
[www.tameside.ac.uk](http://www.tameside.ac.uk)

**Our Apprenticeship team will get in touch with you and invite you to an interview to ensure you meet the required specifications for the apprenticeship.**

# Animal Management and Floristry Courses

**FOR ENTRY QUALIFICATIONS SEE PAGE 10**

## ANIMAL MANAGEMENT

L3

**Duration • 2 years | Campus • Beaufort Road**

During the level 3 course you will develop your knowledge by studying topics relating to: animal welfare and ethics, animal husbandry, animal behaviour and animal health and diseases. You will also be assessed in a work experience setting. This level 3 course has significant science content.

## ANIMAL MANAGEMENT

L1

L2

**Duration • 1 year | Campus • Beaufort Road**

These courses are designed for anyone wanting to pursue a career in animal management, science or veterinary nursing. You will develop your knowledge in all aspects of animal management including animal health and welfare, animal science and gain hands-on practical skills. You will study a range of animal-related topics such as: animal biology, animal feeding and nutrition, animal behaviour and communication, wildlife rehabilitation and conservation, animal breeding and genetics.

## FLORISTRY

L2

**Duration • 1 year | Campus • Beaufort Road**

This course in floristry will be ideal for those who have a creative flair and want to progress to a career as a florist. During the course you will learn designs such as tied, funeral and wedding arrangements. You will be given an introduction to art and design for florists, gain an insight into botanical names of flowers and plants as well as checking and maintaining the condition of plants and planted designs. You will also learn how to display floristry goods and how to decorate a function using floral displays.

# Automotive

Due to the increase in people retiring from the automotive industry in Greater Manchester, there is a higher demand for skilled workers to replace those leaving. Economic growth will see more and more people relocating to Manchester. Therefore, there will be more vehicles using our roads, ultimately leading to a higher need in repairs and motor technology. There will be a need for more skilled workers due to the development of green technology and electric cars.

## And There's More...

- New automotive centre being developed on campus (ready in 2024)
- Learn in our purpose built workshops
- Train with some of the best facilities and equipment in the industry, including onsite car spraying booth
- Colour match paintwork with our technology
- Support school pupils in building Greenpower electric kit-cars
- Work with leading trade names in the industry
- Multi million pound investment in state of the art automotive facilities

# Automotive Courses

**FOR ENTRY QUALIFICATIONS SEE PAGE 10**

## VEHICLE ACCIDENT REPAIR

**Duration • 1 year | Campus • Beaufort Road**

This course is aimed at students seeking employment as a body repair technician within the automotive accident repair sector.

You will develop a wide range of skills from learning how to fix crash damaged cars, to repairing the smallest dent. This course will cover a range of projects including: repairing vehicle body panels, welding, fitting new vehicle body panels, also covering the welding and fabrication of vehicle bodies.

Learning with us will be a combination of theory based and practical work. Additional units include basic vehicle electrics, removing and refitting trim components and functional skills.

You will be working with highly skilled industry trained staff in our garage, using up to date equipment and products.

---

## VEHICLE MAINTENANCE

**Duration • 1 year | Campus • Beaufort Road**

This course is aimed at students with a keen interest in the maintenance and repair of vehicles that would like to gain employment as a vehicle technician within the automotive maintenance and repair industry.

Working on a range of vehicle rigs and cars you will learn how an engine works, how to perform a vehicle inspection, as well as learning a range of automotive foundation skills. You will learn about a vehicle's brakes, wheels and tyres, exhaust, petrol engines and basic electrical systems. You will gain an understanding of why different components and systems are used on various cars and much more. Hybrid technologies are included.

# VEHICLE MAINTENANCE AND REPAIR PRINCIPLES

**Duration • 1 year | Campus • Beaufort Road**

This qualification is ideal for anyone looking to be a qualified motor vehicle technician or MOT inspector and is well recognised within the automotive industry. You will also gain a wide range of knowledge and understanding of health and safety in the workplace, safe use of major workshop equipment and interpretation of data, fault codes and relevant diagnostic procedures relating to the major systems on the vehicle.

During the level 3 qualification you will learn to meet the technical and diagnostic needs for today's motor vehicle repair industry, including the diagnosis and rectification of faults within advanced complex systems. The course provides the essential knowledge to be a competent service technician working on light vehicles, including small commercials in all types of garages, dealerships and maintenance depots. Hybrid technologies are included.

---

## VEHICLE ACCIDENT REPAIR (PAINT)

**Duration • 1 year | Campus • Beaufort Road**

During this course you will gain the knowledge and skills of the automotive environment. You will use tools and equipment that is frequently used in vehicle refinishing, as well as learning how to applying fillers and foundation materials, refinishing plastic materials and components, preparing metal and pre-painted surfaces and repairing minor paint defects. You will finish the course with a good understanding of the health and safety aspects of working in an automotive setting and be equipped with the skills to progress in the Automotive industry.

---

## T LEVEL: LIGHT AND ELECTRIC VEHICLES

**Duration • 2 years | Campus • Beaufort Road**

This course will help you gain an understanding of the automotive industry. You will take part in core units including: maintenance, installation and repair requirements; fault detection and diagnosis; isolation and resolution methods; communication for maintenance, installation and repair activities. You will also take part in an occupational specialism in light and electric vehicles.

# Business and Accounting

The success of Greater Manchester's business and accounting sector is due to the rise in the youthful working population, low business rates and property prices. Technology is playing an increasingly important role in financial and professional services within Greater Manchester, which is why Tameside College has all the latest technology and resources to help you get the most out of your studies.

---

## And There's More...

- Town centre location for Business
- Pitch some of your business ideas to big brands
- Visits from professionals will give you an insight into the industry
- Host your own market stalls as part of your studies
- Progress your studies further with HE courses
- Internal work experience programme, such as running an event in our restaurant
- Officially recognised accounting courses where you will acquire accredited membership

# Business and Accounting Courses

**FOR ENTRY QUALIFICATIONS SEE PAGE 10**

## FINANCE (AAT)

**Duration** • 1 year | **Campus** • Beaufort Road

During the level 2 course you will learn the basic knowledge of accounting, financial administration and bookkeeping. Following this, the natural progression to level 3 will allow you to understand the more complex accounting disciplines including financial processes, accounts preparation, costs and revenue, cash management, indirect tax and spreadsheets.

You can become an accredited member of AAT.

You will gain access to industry standard software such as Sage.

---

## BUSINESS

**Duration** • 1 year | **Campus** • Tameside One

These courses are aimed at giving you in depth knowledge of the business environment. You will carry out research and improve your communication skills to support your development. Topics you will cover include marketing, human resources, promotion, branding and business enterprise.

You will work in a project based environment to complete live briefs.

---

## BUSINESS

**Duration** • 2 years | **Campus** • Tameside One

On the business course you will develop the skills and knowledge required to enable you to stand out in a competitive business market place. Your lessons will be structured in such a way that you will work to 'live briefs', meaning that most of your work will be project based, requiring you to work with commitment and team work as you develop your business skills. You will learn to design and develop a product or service to bring to market, design a business plan to present to potential investors, learn how to manage the finances of a business as well as manage and deliver real projects on behalf of the college.

## CARPENTRY AND JOINERY

L1

**Duration • 1 year | Campus • Beaufort Road**

This course has been designed to develop your skills, knowledge and understanding of carpentry and joinery to enable you to progress to the next level. The course focuses on woodwork and includes topics such as an introduction into the industry, estimating, health, safety and welfare and knowledge of construction technology.

## CONSTRUCTION MULTISKILLS

L1

**Duration • 1 year | Campus • Beaufort Road**

You will learn the skill of carpentry and joinery, painting and decorating and bricklaying, all at the basic level. This will enable you to progress onto the higher level, which is relevant to what you enjoyed doing during this qualification.

## ELECTRICAL

L1 L2 L3

**Duration • 1 year | Campus • Beaufort Road**

These courses have been designed to help those interested in the electrical industry to progress. You will learn electrical principles, electrical science, electrical technology, inspection and testing, as well as the latest wiring regulations. During the course you will get hands on in our purpose built workshops.

## PLUMBING

L1 L2 L3

**Duration • 1 year | Campus • Beaufort Road**

You will learn all the basic skills to become a plumber. Following on from this, the higher level courses will teach you about heating systems, hot and cold water systems, sanitation systems, environmental technologies and gas safety. You will use all the latest tools to support your studies and progression.

## BRICKWORK

L1 L2 L3

**Duration • 1 year | Campus • Beaufort Road**

You will be taught practical skills to succeed within the bricklaying industry. Skills will include repair and maintain structures, scaffolding, solid and cavity walls and fireplaces and chimneys. You will learn building standards and how the industry operates.

# PAINTING AND DECORATING

**Duration • 1 year | Campus • Beaufort Road**

Become a painter and decorator with this exciting course. You will learn all the skills required to be successful in this competitive industry. Gain an understanding of the skills required for both domestic and commercial projects. You will learn how to prepare surfaces, the use of different tools, interior and exterior painting and decorating and bespoke projects.

---

# FURNITURE, FURNISHINGS AND INTERIORS

**Duration • 1 year | Campus • Beaufort Road**

This course is the first step to gaining a qualification in the kitchen, bedrooms and fitting and manufacturing industry, specifically in the role of kitchen fitter. During the course you will cover topics in; health and safety in furniture, furnishings and interiors, workplace responsibilities in furniture, furnishings and interiors and plan career progression in the furniture, furnishings or interiors industries. You will also learn to fit skilled doors and drawers and use power tools for measuring and assembling.

# Engineering

The north west is the largest manufacturing and advanced engineering cluster in the UK. Siemens, Kellogg's, Amazon, The Hyde Group and Hitachi are all located in Greater Manchester due to the talent and access to the large engineering and manufacturing market. The comprehensive travel systems give Greater Manchester businesses access to national and international markets. As a college, we have invested in a state-of-the-art Advanced Technologies Centre to support the growth of this sector.

---

## And There's More...

- Study in our purpose built Advanced Technologies Centre
- Use the latest equipment, £1million invested in equipment
- Links with FESTO, Hyde Group, Siemens, Amazon and other top engineering brands
- On-site 3D printers, robotics, pneumatics and hydraulics and CNC engineering
- Take part in skills competitions at a national level
- Progression to Higher Education
- Fantastic career prospects locally in Tameside, Greater Manchester and internationally
- A national pilot area for extended work experience opportunities, improving your employment chances

## HAIR AND MEDIA MAKEUP

L3

**Duration** ● 1 year | **Campus** ● Tameside One

This course will provide you with the technical skills required to specialise in hair and makeup.

You will cover a range of topics from: health and safety practices, working in beauty related industries, applying makeup, creative hair styling, photographic makeup and more.

---

## NAIL TECHNOLOGY

L2

**Duration** ● 1 year | **Campus** ● Tameside One

During the nail technology course you will learn how to reduce risks within health and safety, promote products and services to customers, develop effective working practices, provide manicure and pedicure services, how to do nail art with a range of industry standard tools and techniques as well as applying and maintaining nail enhancements such as acrylic and gel nails.

---

## MAKEUP

L2

**Duration** ● 1 year | **Campus** ● Tameside One

You will learn essential knowledge and the understanding needed to help you start a career in make-up artistry. During the course you will learn how to do day, evening and special occasion makeup as well as eyebrow and lash enhancement. We will also teach the health and safety aspects whilst working in our fully operational salons with real client care and communication.

# Health, Social Care and Early Years

Greater Manchester is the first UK city to integrate health and social care, which provides unique opportunities for the skilled workers. As a city, we have access to one of the largest NHS clusters in the UK. The rate of births in England is increasing, therefore there will be a need for more practitioners within the sector. You will study in our specialist health and social care suite of professional rooms including a hospital ward or in our new early years simulation suite.

## And There's More...

- Active links with Tameside Hospital and local nurseries and schools
- Enhance your skills with a first aid qualification whilst studying
- The college holds the 'Dignity in Care' accreditation
- Students land dream jobs with care homes, schools and hospitals
- A national pilot for extended work experience opportunities, improving your employment chances

# Health, Social Care and Early Years Courses

**FOR ENTRY QUALIFICATIONS SEE PAGE 10**

## HEALTH AND SOCIAL CARE

**Duration** ● 1 year L2, 2 years L3 | **Campus** ● Beaufort Road

These courses aim to help you progress your skills and knowledge to support you in your future career. You will learn to develop your communication skills whilst learning about equality and diversity, rights in the sector, health and safety, health and social care values, human life span development, healthy living and therapeutic activities. You will be well prepared for university, to continue your studies to degree level or onto a higher level apprenticeship.

---

## HEALTH, SOCIAL CARE AND EARLY YEARS

**Duration** ● 1 year | **Campus** ● Beaufort Road

During this course you will acquire knowledge and skills which relate to the health and social care sector as well as the early years sector. This course will prepare you for an exciting and challenging career. The course will combine core skills such as communication, development of children and health and safety.

## T LEVEL: HEALTH

**Duration • 2 years | Campus • Beaufort Road**

The T Level Technical Qualification (TQ) in Health forms part of the new T Level in Health. The TQ in health has 2 components: core (including route and pathway) and occupational specialism. The Allied Health Professions (AHPs) comprise of 14 distinct occupations including: art therapists, dieticians, drama therapists, music therapists, occupational therapists, operating department practitioners, orthoptists, osteopaths, paramedics, physiotherapists, podiatrists, prosthetists and orthotists, diagnostic and therapeutic radiographers, and speech and language therapists.

All students will develop a general understanding of health and science; looking at principles of good scientific and clinical practice, how to manage data, environmental regulations and science concepts (cells, tissues, microbiology). In addition to this, students will also learn about topics specific to health; such as wellbeing, anatomy, physiology and infection prevention.

*In partnership with:*

## EARLY YEARS (CHILDCARE)

**Duration • 1 year L2, 2 years L3 | Campus • Beaufort Road**

During the course you will prepare for working with children up to the age of five. You will learn to support physical care routines, safeguarding and legislations, equality and diversity and supporting play and development. The knowledge and skills you learn will enable you to progress to a higher level qualification.

# Uniformed Public Services

There is an ever-increasing demand for skilled workers in the public services sector. Keeping people safe in the community is priority, even with crime declining. Therefore, there is still a need for trained professionals in the police force. That is why Tameside College will provide you with the best networking opportunities. This will enable you to learn from those who work in public services day-to-day and learn first-hand about the sector.

---

## And There's More...

- Take part in outdoor activities
- Work experience as stewards
- Gain first aid qualifications alongside your studies
- Get an insight into the police and the armed forces with visits from industry professionals
- Train in the 'Look at Life' course
- Test your stamina and physicality in our purpose built gym
- Former students have won skills and fitness competitions
- Learn self defence from trained officers in the GM police force

# Uniformed Public Services Courses

**FOR ENTRY QUALIFICATIONS SEE PAGE 10**

## PUBLIC SERVICES

**Duration • 1 year L1 and L2, 2 years L3 | Campus • Beaufort Road**

During our public services courses you will learn the basics of a career in the public service sector. You will then progress to learn more varied skills and improve your knowledge including leadership and teamwork, physical preparation, health and lifestyle, human rights, police powers and public behaviours. Experience the outdoors with our range of activities and trips.

## POLICING SERVICES

**Duration • 2 years | Campus • Beaufort Road**

The course is designed to help develop the skills and qualities you would need to work in the UK Police Forces. You will experience a range of activities including classroom based learning, physical fitness training, outdoor and adventurous activities and a comprehensive work experience programme with a range of Uniformed Service organisations.

Throughout the course you will study a range of topics including investigating employment, physical fitness, leadership, conflict management, crime scene investigation, map reading and navigation as well as the UK legal system and the Police Service.

# **Stalybridge Celtic Football Academy**

Tameside College works in partnership with Stalybridge Celtic FC (SCFC) to provide a well-rounded football and education experience where you develop your academic knowledge alongside the practical and mental skills of the game. Coupled with coaching, practice and match experience under the supervision of the club's highly qualified coaching staff, students develop the skills and knowledge to help them progress academically and professionally. A few of our Celtic youngsters like Connor Jennings at Stockport County become full time professionals; more go into semi-professional football and combine this with employment in sport and leisure. Many of our Level 3 Academy students progress onto university with a Sports degree combined with business, marketing or science being the preferred options.

---

## **ABOUT THE COURSE**

The Academy develops the skills of the whole player through attack, defence and transition. Players learn a mix of technical, physical and psychological aspects of the game. Led by highly regarded Head Coach Dean Brathwaite (well known for his work with young elite pro footballers including James McAtee and Liam Delap) and supported by an experienced team of coaches, including specialist goalkeeping, physio, analyst, nutrition, pastoral and welfare experts. We offer twice weekly training sessions, personalised gym and nutrition programmes, structured pre season training and matches. The Academy train and play at Astley Sports Village 4G facility, with gym access at Astley and Tameside College as well as playing at Stalybridge Celtic's Bower Fold ground, the best stadium in Tameside and probably the most impressive in the Northern Premier League.

The academic element of the course includes study at Level 2 or 3 in Sport. The qualification involves the study of sports anatomy, physiology of sports and exercise, sports coaching, practical team sport, diet and nutrition, fitness instruction and business skills in sport.

---

## **ABOUT THE CLUB**

Stalybridge Celtic FC First Team play in the Pitching In Northern Premier League West Division. The Academy play in the AOC League and FA National Youth Cup. Alongside Academy college games, we host targeted friendlies for a broad range of footballers. For our most promising players, our Academy has a direct pathway to the Celtic First Team, as demonstrated by recent students attending training and being selected for First Team matches. This works in tandem with Celtic's U18s and U21s Sunday teams which both play at a high standard in the North West Alliance League.

Our Academy students can broaden their skills and work opportunities through coaching, refereeing courses and work experience opportunities with Stalybridge Celtic FC, Stalybridge Celtic Juniors and Smurfit Kappa our Academy lead sponsor.

## **ENTRY REQUIREMENTS**

# Travel and Tourism

There is a continuous growth in the travel and tourism sector due to the number of visitors to Manchester, as the UK's third most popular city. The top destinations to travel to from Manchester Airport include New York, Dubai and Barcelona. With Manchester offering over 200 direct flights to destinations across the world, it is no wonder businesses are relocating to our city.

---

## And There's More...

- Links with prestigious employers such as Jet2, Virgin, Emirates and Etihad
- A high percentage of our students progress into employment with big names in travel
- Trips to worldwide destinations
- Onsite plane cabin to get the real experience
- Industry experienced teachers
- Talks and presentations from visiting industry professionals such as bespoke travel agencies and cruise directors

# Springboard Programme

Springboard is an alternative provision within the college to support young people to gain the skills and qualities they need to access college curriculum. Springboard is a reduced timetable -10hrs per week including maths, English and pastoral support. A dedicated Youth Worker supports the Springboard provision ensuring that barriers are removed to develop young people's confidence and self-esteem.

## TYPICAL COURSE OPPORTUNITIES

- Improve your mathematics and English qualifications (not optional)
- Explore your career and progression options
- Develop employability skills
- Explore sessions that will provide life skills, outdoor experiences, PHSE, group projects, team building, employability, personal development and progression skills
- Develop skills over time to enable you to gain a place on a study programme or a Supported Internship (EHCP learners only)
- Springboard is a new provision, which aims to explore and improve each learner's opportunities whilst learning in a different way; a way that will provide enriching experiences

## QUALIFICATIONS

- City & Guilds entry level 3 award in employability skills
- GCSE or functional skills in English and mathematics

## ENRICHMENT

- Full enrichment activities including sport and outdoor activities

## PROGRESSION

- Full time college course
- Supported Internship (EHCP learners only)

## APPLICATION

- College application form

# Aspirations to Work

## Supported Internship

Supported internships are a structured study programme based primarily at an employer. The programme will equip you with the skills needed for work, through learning in the workplace. Supported internships are unpaid and last for an academic year.

### WHO IS IT FOR?

The full time study programme allows young people aged 16-24 with an Education, Health and Care plan to achieve sustainable paid employment.

### LEARNING METHOD

You will learn through a variety of teaching methods which will aim to meet the needs of each individual and accommodate different learning styles. You will:

- Learn effective communication
- Prepare for and attend an interview
- Work as part of a team
- Gain knowledge of alternatives to paid employment
- Undertake a work placement
- Searching for a job
- Learn personal presentation and hygiene
- Gain skills, qualities and attributes needed for learning and work
- Be involved in community projects

Alongside your time at the employer you will complete a personalised study programme which includes the chance to study for relevant qualifications, if appropriate, and English and maths.

### PROGRESSION

Wherever possible, we support the young person to move into paid employment at the end of the programme.

### PARTNERSHIP

The Internship is run in partnership with Tameside College, Active Tameside and Tameside Hospital. Whilst on the programme we aim to provide three placements which last approximately 3 months each.

# Aspirations

**Aspirations students work towards the skills they need to participate in the wider community and where appropriate, the world of work. Aspirations learners often have specific learning needs and may have an EHCP (Education, Health and Care Plan). They may have attended a special school for their 11-16 education.**

Aspirations support learners with a wide range of abilities with a personalised and flexible programme of study. Learners work towards externally recognised qualifications from City & Guilds, BTEC and NCFE from Entry Level 1 to Level 1. Learners will work towards improving communication and number skills and may complete maths, English and IT functional skills qualification, at an appropriate level.

Each learner at Aspirations will have an individual learning plan to assist them to develop the skills needed for adulthood and independence or supported employment. All learners have a personal, flexible, learner centred timetable selected from a matrix of subjects with consideration of their personal interests. Students can access one of many individualised curriculum pathways.

Entry level 1 to Level 1 sessions incorporate and embed literacy and numeracy and can include: digital skills, horticulture, drama, art, communication, sport, independent living skills, community participation, work experience and work skills, enterprise, environmental skills, personal and social development, British values, yoga and mindfulness, personal safety skills, including online safety.

# ESOL Courses

## For 16 to 18 Year Olds

This course is designed to support school and college leavers whose second language is English. As well as providing intensive English Language teaching, learners can take the first steps towards their future careers.

---

### LEARNING ENGLISH

The English for speakers of other languages course consists of the following key elements: reading, speaking, listening and writing. Students will learn practical skills for employment such as writing letters and creating a CV. The qualifications, awarded by City and Guilds, are recognised by employers and education providers. During the programme students are given the opportunity to study maths and choose a curriculum to study alongside ESOL from either Catering, Hair and Beauty, Sport, Health and Social care, Construction or Automotive.

---

### CAREERS AND PROGRESSION

As students are based at Tameside College they have access to the range of career related courses. Taster sessions give students an experience of what courses are available and how they are assessed. Students starting the ESOL programme can progress to work and university through apprenticeships and full time courses. Most students will spend 1 year intensely improving their written and spoken English.

---

### ENRICHMENT AND SUPPORT

ESOL students take part in the full range of enrichment and sports activities which are a good way to make new friends and keep fit. They also have access to support across college including: careers guidance, work experience, learning and financial support.
