Tameside College

RISK ASSESSMENT

Date

Risk Assessments for:

College COVID 19

17/08/2021

Assessor Name:

DoFE/Head of Estates/Assistant Head of So Estates

Sources:

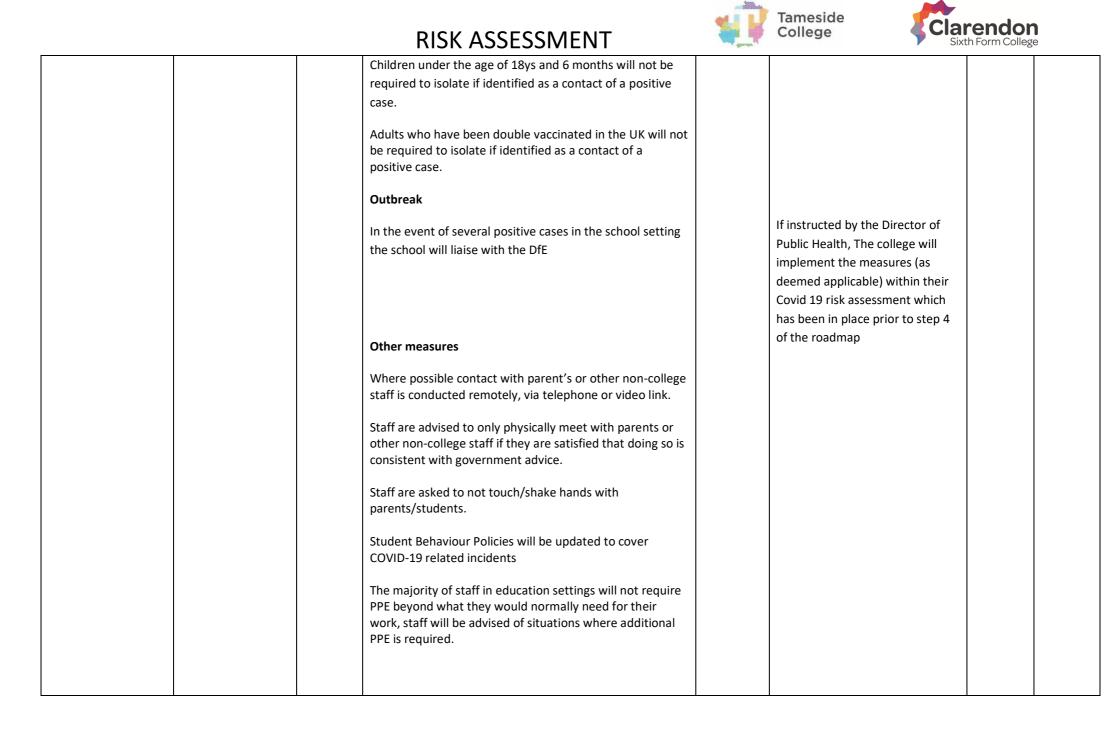

WHO, NHS, DfE and NASUWT

What are the hazards	Who might be harmed and how	Risk rating without controls in place	Current control measures	Risk Rating with control measures in place	Are risks adequately controlled for work task to go ahead, or will further control measures be required? (Detail any additional measures)	Action reqd and by Whom	Date action required by
Direct transmission of COVID -19 virus from being in close proximity to people with the virus. I.e. person to person transmission (hand to hand, hand to mouth, hand to body),	College employees parents, students and the general public III health (e.g. Respiratory symptoms, fever, cough, shortness of breath In more severe cases, infection can cause pneumonia, severe acute respiratory syndrome, kidney failure and even death)	Н	General Measures College Employees are advised to follow NHS guidance on coronavirus (COVID-19) Covid-19-guidance-for-employees College leaders are advised to follow the NHS and DfE guidance for employers and colleges on COVID-19. Covid-19 Guidance to-employers https://www.gov.uk/government/publications/coronaviru s-covid-19-maintaining-further-education-provision	Μ	College leaders should regularly refer to latest guidance https://www.gov.uk/coronavirus Management will regularly monitor new measures being introduced by government to reduce risk Business continuity emergency team (BCET) will meet every month during the autumn term. This will be reviewed in line guidance.		

	System of controls	These controls will be reviewed	
		whenever there is an update in	
	Ensure good hygiene for everyone	guidance from the UK	
	Maintain appropriate cleaning regimes	government	
	Keep occupied spaces well ventilated		
	Follow public health advice on testing, self-	All staff are encouraged to get	
	isolation and managing confirmed cases of	the vaccine	
	COVID-19		
		This risk assessment will be	
	Attending the setting	shared with all members of staff	
	Attending the setting		
	No child or adult will attend the setting if;	Any contractors/visitors will be	
	 they have any symptoms of COVID 19 or live with 	advised of any control measures	
	someone who is showing symptoms of COVID 19	they are required to adopt whilst	
	(including a fever and/or new persistent cough)	on site.	
	 have tested positive in the last 10 days or are 		
	living with someone who has		
	 They have arrived from a red list country in the 		
	 They have arrived from a red list country in the last 10 days 		
	mey nave not been addie vaconated in the ort		
	and have returned from an amber list country in		
	the last 10 days		
	Contact Tracing		
	Contact tracing will be undertaken by NHS Test and Trace		
	The college will co-operate with NHS T&T if contacted by		
	them for assistance in identifying close contacts.		
	Close contacts of a positive case will be advised to take a		
	PCR test		
	Close contacts of a positive case who have not been		
	double vaccinated in the UK and are over the age of 18yrs		
	and 4 months will be required to isolate for 10 days		

	¥	5
Ventilation Where it is possible to do so, windows are open to increase ventilation.		Poorly ventilated areas are to be identified and consideration given as to how fresh air flow can be improved
Where it is safe to do so internal doors are open to increase ventilation and air flow.		
Fire doors which protect escape routes are not propped open.		
Mechanical ventilation systems have been set to only circulate fresh outside air.		
Asymptomatic testing		This will be reviewed at the end
Staff will be advised to continue to carry out twice weekly		of September
LFD testing at home for any periods they are coming onto		
the school site.		
Any staff testing positive on LFD will self-isolate and get a PCR test		
All students will have 2 tests on return to college in the		
autumn term. 1 test will be done on site and the other at		
home.		
Adult students will be given 2 tests to be done at home before returning to college.		
The tests will be taken 3 – 5 days apart		
Following the 2 on site tests pupils should continue with twice weekly at home testing.		
Any pupil testing positive on LFD will self-isolate and get a PCR test		

Staff and students must report their r and Trace and they should share their	r result with college.
Face coverings Face coverings are not mandatory fro students, staff and visitors	Face coverings are recommended and expected to be worn in crowded spaces where an individual may come into contactom 8 th Sept forwith people they do not normally
Bubbles	
It is no longer necessary to keep stude bubbles.	ents in consistent
Reception signing in and out E.g. Staff, visitors and contractors	
Where possible contact with parent's non-college staff is conducted remote video call or e-mail	
Screens and any partitions will stay in	n place
Hygiene stations are in place, with ins prior to entering the building	structions to use it,
In Class	
In order to protect teaching and learn support staff in class should try to avo contact	
Face masks in class are optional for st from 8 th September	taff and students
Lunchtimes/consumption of food	

Clear signage on hygiene, hand washing and the use of hand sanitizers	
Hand washing before and after eating food Hand washing before and after touching/preparing food	
The use of water fountains will be permitted however these will be for the refilling of personal bottles only and users will not be able to drink directly from them.	
All staff kitchens and brew areas are to be cleaned before and after each use.	
Office/Support staff	
Plastic screens will remain in place.	
Movement between offices and sites should be kept to a minimum.	
Face to face communication will be kept to a minimum. Meetings will be done remotely where possible.	
Clinically extremely vulnerable persons (CEV) Learners	
Clinically extremely vulnerable students should attend their college unless they have been advised not to by their GP or clinician.	
The college will make appropriate arrangements to enable them to continue their education at home.	
Young people who live with someone who is clinically extremely vulnerable, but who are not clinically extremely vulnerable themselves, should still attend their educational setting if eligible for face to face education.	

	Staff			
	CEV staff members can attend the workplace. Those who			
	have been identified in this group will have an individual			
	risk assessment completed to assess how they will be			
	supported. Those living with someone who is clinically			
	extremely vulnerable can still attend work.			
	Clinically under analysis			
	Clinically vulnerable people Staff and students who are clinically vulnerable can attend			
	work/education setting. They should follow the system of			
	controls to minimise the risks of transmission.			
	People who live with those who are clinically vulnerable			
	can attend the setting.			
	Staff who are pregnant			
	College staff should ensure HR are aware of any staff that			
	are pregnant to ensure risk assessments are conducted.			
	Staff or students arriving at college unwell or become			
	unwell whilst in college			
	They will be sent home and advised to follow the staying			
	at home guidance to self-isolate for 10 days and arrange			
	to have a test.			
	https://www.gov.uk/government/publications/covid-19-			
	stay-at-home-guidance			
	Whilet a student is avaiting collection they will be mayod			
	Whilst a student is awaiting collection, they will be moved, if possible and if appropriate, to a room where they can be			
	isolated behind a closed door.			
	If possible a window will be opened for ventilation			
	Where it is not possible to isolate them, staffs have been			
	advised to move them to an area which is at least 2			
	metres away from other people.			
	The area around the person with symptoms will be			
	The area around the person with symptoms will be cleaned and disinfected with standard cleaning products			
	after they have left			
	after they have left		I	l

	Students that need to go to the bathroom while waiting to be collected are told if possible to use a separate bathroom.		
	The bathroom will be cleaned and disinfected using standard cleaning products before being used by anyone else. The college will engage with the NHS test and trace process.		
	There is a dedicated Public Health e mail which Colleges/colleges may contact for further advice and clarification on actions to be taken. <u>Covid-19@tameside.gov.uk</u>		
	First Aid A first aid needs assessment has been completed to determine first aid provision based on the workplace setting, occupants and the hazards and risks that may be present in college		
	Assistance should be given from a safe distance as far as possible to minimise the time in a shared breathing zone.		
	When responding to incidents, PPE should be worn by staff if a distance of 2 metres cannot be maintained or if contact is necessary. The provision of PPE should be determined based on anticipated risk of contamination from respiratory secretions, droplets of blood or other body fluids.		
	After contact with injured persons first aiders are advised to clean their hands thoroughly with soap and water or hand sanitizer at the earliest opportunity

07/06/21	Assistant HOE	Update to face covering policy in line with local population health guidance	
17/08/21	Director of F&E	Updated in line with revised FE operational guidance and LA risk assessment	

This Risk assessment is subject to change in line with any new government guidance.

Risk Ratings	Example impact (Including but not limited to)
High	Likely to happen and likely to result in the fatality of one or more individuals. Potential for a frequently occurring serious and life threatening injury
Medium	Unlikely to happen but if it did it would certainly result in at least minor illness, injury or equipment damage. Could occasionally result in a serious injury, illness or equipment damage. Although rarely, could result in death or serious and life threatening injuries.
Low	Unlikely to occur but if it does it is likely to result in minor illness, injury or equipment damage and could, but is unlikely to, result in a significant injury, illness or equipment damage with over 3 days absence
